# Council Advised To Replace Sewer Line

## Levee District Aid Will Be Sought For Work At Aubrey Avenue Break

Replacement of at least a 800-foot section of the Aubrey avenue sanitary sewer line was recommended Monday night by Granite City council members before City Engineer David Johnston.

No cost estimate was given pending inspection of an additional 2800 feet of the same trunk sewer north and south of the present break area in the 3100 block of Aubrey avenue. Johnston's recommendation for expanded inspection of the 15-inch line north from the

Based on the findings, he was authorized to prepare specifications for replacement of as much of the line as necessary, a task that will take about two weeks to complete.

Once the figures are known, the city will call upon the levee board to do the job. Mayor Davis said he cancelled his appointment of last week with Levee Board President Lawrence Tolson for inspection at the site and

"There was no use meeting with Tolson until we have

Johnston pointed out the entire line in question, including the sections yet to be inspected, were installed under the low district's portion of the Narcoobi area sanitary sewer cover.

Several aldermen commented on the earlier break in the Auburn avenue line also in the 3100 block, which was partially responsible for the city's present financial plight, and since the lower district had

and since the levee district has agreed to replace its installation of the defective Terrace lateral sewer, a project now underway it should shoulder the responsibility of the collapse of the Aubrey sewer.

In replacing the line, Johnston said the present sewer would be abandoned completely and the new sewer properly located on the easement. He called the council's attention to the present sewer line being

## World Day Of Prayer Service 7:30 P.M. Friday

Rev. Vernie Barnett, pastor of Niedlung Memorial Methodist Church, will speak on the topic "The Communion of Saints" at the annual World Day of Prayer service to be held at 7:30 p.m. Friday at First United Presbyterian Church, 22nd street and Delmar avenue. The service is under the sponsorship of the Quad-City Council of Church Women.

The meeting will open with responsive reading led by Mrs. Wayne Young of the Mitchell Presbyterian Church, president of the Council, and after the Scripture reading by Mrs. Craig Dillman of the Venice Methodist Church, there will be numbers by the Joy Bell Ringers and the Freedom Bell Ringers of the Madison Presbyterian Church.

Special music will be presented by the choir of the host church, the offertory by Mrs. Dillman and the presentation of

projects by Mrs. Young. Others taking part will be Mrs. Nadine Whittaker, Mrs. Arthur Bente and Mrs. Melvin Coter.

Rev. David E. Baxton of First Presbyterian Church will pronounce the benediction.

Mrs. Dillman is serving as program chairman, and Kenneth MacClatchey will preside at the organ. The choir will be under the direction of Mrs. John M. Moore and ushers will be women of the various participating churches.

The World Day of Prayer service this year will depart from the usual, as an all day vigil of prayer will be held, beginning at 7 a.m., and continuing throughout the day until the evening program. The various churches will have members present continuously in order that the chain of prayer will not be broken. There also will be nursery care from 7:30 until 8:30 p.m.

### MORE ABOUT

#### City Committee

(Continued from Page 1)

Finley Clark Co., \$148; Air Products, \$508.

He listed the top amount to be paid by Union Starch & Refining Co., \$81,621, Granite City Steel Co., which is planning a \$2,000,000 to \$3,000,000 treatment plant of its own, would pay \$15,280. Home owners' annual charge would be \$40.80, he said.

### Challenges Figures

Alderman Steve Baasch challenged the figures, contending that the costs for Union Starch and for Granite City Steel, "if this isn't a rigged deal," he remarked, "\$81,000 for Union Starch and \$15,000 for Granite City Steel. The report shows the steel mill uses more water. Partney repeated the plan by Granite City Steel Co. to install its own treatment plant to process its own sewage.

Alderman Walter Nann again challenged the Citizens' committee \$1,800,000 figure for levee district aid in the storm water relief program.

Nann repeated his recent conversation with Levee Board President Lawrence Tolar, who had told him and Mayor Davis that \$1,800,000 would not be available from the levee district and the levee district had not made the commitment.

Mayor Davis told the Press-Record after Nann made the initial statement last week that he was present when the levee board agreed to the \$1,800,000 figure set forth in the Citizens' committee's final report and recommendation presented to the council last Dec. 13. He also was present with Nann, he said, when Tolar and other levee board members pledged assistance.

**Agreement On \$1,800,000**

Citizen committee members present at a meeting with the levee board last September also recalled the \$1,800,000 agreement. However, a resolution that was to have been adopted by the levee board at its November meeting to set an amount aid for Granite City has not yet been adopted.

Legislation which would have given the levee district added bonding power to aid Granite City in financing a \$16,000,000 pollution abatement and master sewer drainage program was vetoed July 24 by Gov. Otto Kerner. Three days later a meeting of the Citizens' committee and levee board members was held here, and within a few days it was determined the district would have \$2,100,000 available for a local project. The figure was based on the district's bonding power limitations, after a review of other commitments.

The total was subsequently pared to \$1,800,000, and at a meeting last October Tolar assured Granite City's levee district would participate to that extent. Again, at another meeting in October, Tolar assured assistance by the district for the Granite City project, saying the amount would be \$1,500,000 to \$1,750,000.

The levee district presently is seeking commitments from the cities of Granite City and East St. Louis to join its district-wide pollution abatement project of Granite City and East St. Louis have programs for municipally-owned treatment plants under consideration.

Granite City council members presently are seeking levee district financial aid to replace a section of the collapsed Aubrey avenue sewer line, which the levee district originally installed.

### Former Resident Passes State Board Examination

Mrs. Mary Allen Lessman of Chicago, a former Granite Cityan and 1938 graduate of the Granite City high school, has passed the Illinois State board examination for nurses, according to an announcement just received by her mother, Mrs. Harriet Allen, 2424 (near) Ohio avenue.

Mrs. Lessman received her nurse training at Michael Reese Hospital in Chicago, graduating last August.

## Homicide Verdict In Mrs. Richard Inquest

A verdict of homicide at the hands of a party or parties unknown was returned in an inquest conducted into the Feb. 7 death of Mrs. Linnie Richard, 36, of 1224 Alton avenue, Madison. It was learned this week from Deputy Coroner John Sedlack.

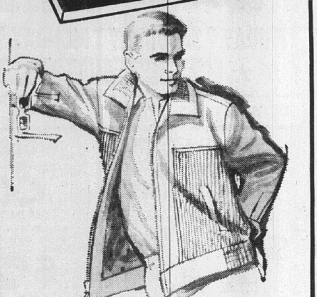

Mrs. Richard died from injuries received when struck on the head the morning of Dec. 14 near a blazing automobile in the 1200 block of Alton avenue, the jury ruled. The owner of the car testified at the inquest and police reports of the incident were submitted as evidence.

Madison police investigated, but were unable to secure a statement from Mrs. Richard because of her condition. No arrests were made.

## TENTH ST. MARY'S SCOUT CUB BANQUET

The tenth annual "blue and gold banquet" of St. Mary's Cub Pack 47 and Boy Scout Troop 47 was held Sunday afternoon in the school cafeteria, with many parents and guests attending. The scouts led an opening ceremony, and Fr. Engelbert, Blenck offered prayer.

The tables were decorated in appropriate colors, and there were burning tapers of blue and gold, small American flags and favors at each table. The decorations were made by the boys and den mothers at the weekly meetings. Mrs. Frank Oneis made a centerpiece for the head table in keeping with the month's theme, "Presidents". Those seated at the head table were the guest speaker, Public Defender Austin Lewis, Fr. Blenck, Fr. Sylvester Micek, and St. Mary's scouts.

Stanley Sobolewski, banquet chairman, welcomed the group and introduced Louis Mehlich, master-of-ceremonies.

Lewis, a Silver Beaver award winner, recalled his scout membership, cited scouting benefits for boys and praised the sportsmanship of St. Mary's team.

Entertainment was provided by the St. Louis Club Hawks, who demonstrated fast driving with guns. Fr. Micek explained the Catholic scout award, and playlets were given by the dens, assisted by den mothers. Physical fitness was the major theme of the plays.

Harry Thebeau, institutional representative, urged that fathers take part in scouting to assist the leaders. Scoutmaster Mike Silora cited the need for aid in camping, hiking and scout duties. Each den mother and Mrs. Sikora, Mrs. Mehlich and Mrs. Lewis were corsages of gold flowers.

Fr. Blenck presented ten-year service pins to Sikora, Thebeau, Mehlich and Cubmaster Anthony Ratkiewicz, nine years, Don Broyles, seven years, Frank Kierski, six years, John Kulaz, five years, Steve Lengyel, four years, Eric Moschegian, three years, Mike Kmetz, two years, Stanley Sobolewski, Paul Aleksak and Alvin Warchol, and one year, Walter Tutka, Louis Such and John Papa.

Den mothers receiving awards were Mesdames Julia Dan, Louise Papa, Anthony Ratkiewicz, Stanley Sobolewski and Steve Lengyel.

Boys receiving awards and recognition were Kevin Morton, Thomas Honenkat, Michael Mehlich, John Kulaz, Frank Papa, Thomas Paskus, Johnny Bunk, Stanley Lapinski, Robert Kasproth, Ray Baldwin, Richard Kierski, Francis Dan, Kevin McGarran, Kevin McGarran, Robert Baldwin, Edward Bunk, Kenneth Bunk, Raymond Miller, Steve Patterson, Thomas Friend, Richard Scott, Daniel Russell, Ronald Warchol, John M. Papa, Charles Bovolenta, Susan Hughes, John Kozak, Jimmy Dittman, Leonard Kozak, Stanley Ratkiewicz, John T. Papa, Stanley Sobolewski, John Paskus, Ricky Garcia, Larry Gavaski, Albert Hudzik, Robert Bickert, Timothy Morton and Donald Bunk.

Scott handbooks were awarded to the Webelos, Ratkiewicz spoke, and two scouts folded the flag while "God Bless America" was sung. Forrest Friend was announced as new pack committeeman.

Fr. Blenck thanked the ladies who prepared the dinner and the girls who served it, and closed the program with a prayer.

## JUNIOR SERVICE CLUB MODELS who took part in Tuesday evening's style show that raised about \$1000 for charitable purposes. The models are, left to right—Beverly Bigley, Margie Greenedonor and Marilyn Wondra.

Granite City Junior Service Club's fashion show, "Dreams of Miss America", held Tuesday at the senior high school and attended by an estimated 400 to 500 was proclaimed a successful fashion show. Chairman Mrs. Theodore L. Vrenick.

Proceeds, estimated at about \$1000, will go to local charity. Mrs. Vrenick told the Press-Record that some of the money will be added to a scholarship fund at the high school. In the past, the club has donated to dental care, clothing and shoes. The club has granted several scholarships for nurses and helped finance a classroom for retarded children.

In keeping with the "Miss America" theme, two Misses and one Mrs. America were chosen. Little Miss America was Cathy Morris, Susan Jones was Junior Miss America. Mrs. America was Mrs. Alois Komadina.

The show featured top fashions from local designers, as well as hair styles executed by Earl of Curl Beauty Salon. Fashion commentators were Miss Patricia Mega and Miss Linda Colburn. Children's fashions were modeled by Lynn Jacobsen, Joyce James, Vickie Kierhoff, Jean K. Rosandina, Patty Kovar, Steven Kovar, Curtis Kozar, Cathy Morris, Jan Morris, Michael Neumann, Jolynn Romine, Sherry Scrum and Thomas Vrenick.

Models for teenage fashions were Cheryl Glosik, Susan Harmon, Deanne Hillert, Sue Jacobsen, Charal Ann McMurry, Sandy Noth, Ann Rich, Linda Romine, Myrna Wright, Marvin Filpatrick, Donald Lambert, Vance Lockridge, Gary McConnell and David Paoli.

Fashion for women were shown by Mrs. Theodore Aufderheide, Mrs. Raymond Barr, Mrs. Edward Colligan, Mrs. Oliver Jacobsmeyer, Mrs. Louis Marlette, Mrs. William McGee, Mrs. William Morris, Mrs. James Spink, Mrs. Best, Ivany and Misses Beverly Bigley, Jean Bilbrey, Grayce Costello, Margie Greenedonor and Marilyn Wondra.

Mrs. men's fashions also were featured. They were modeled by Oliver Jacobsmeyer, Richard Judd, Kiri Kierhoff, Donald McCollister and Paul Zeigler.

Showing latest hair styles were Mesdames Norma Rupprecht, Mary Carich, Delores Rongski, Betty Jo Bartels and Miss Ann McMurry. Hair styling commentators was Miss Sharon Curry.

Vocal soloist for the program was Keith Curtis, accompanied by organist Jack Johnson.

## Maryland Super Market Now Open

A new spacious super market opened for business Tuesday at 2205 Pontoon road, Manager Frank Champion. Maryland Super Market features self-service on the 4000 square feet of sales area.

Built and owned by the Bill Brick Constructing Co., the new store offers produce, fresh meats, groceries, school supplies, film, toiletries, baby supplies, toys, games, a drug sundry department, and a complete line of greeting cards and gift wrap.

For the convenience of its customers, the store offers counter service in the meat department. Champion announced that the super market will be open Monday through Saturday from 8 a.m. to 10 p.m.

Located next to the Maryland Mart, which is managed by Champion's wife, Helen, the new store has parking facilities in front and between the two buildings.

Mrs. Champion told the Press-Record that she expects construction to begin on a new mart this spring. She said that the present building will be razed and an L-shaped structure will be erected. The new store will be connected to the super market but each store will have separate entrances.

"We will increase the sewing department by adding patterns and yard goods," explained Mrs. Champion in describing what items the new mart would offer. "Gifts, jewelry, sportswear and party supplies will be the main articles sold in the mart," she added.

## GCJS Juniors To Give 'Follies' On Tuesday

The all-student "Junior Follies" will be staged next Tuesday evening at Granite City high school, with about 150 vocal, instrumental and band students taking part in the annual program. The show will feature the Masque and Gavel Society. The program, entitled "It's a Wonderful World," will be given at 8 p.m. in the school auditorium and tickets, costing 50 cents, are available from speech department students.

Robert Butler Jr. is production manager, and the directors are Larry Tolbert and Sheryl Glosik. The state managers are Kathy Oros, Ann Johnson, Benny Hildebrand and David Keltner.

The student-written and produced musical will feature humorous turnabout situations, such as what might have happened if Columbus' boat had sunk, "If Robin had been a hood," "If Shakespeare was a ringer," "If babies took after their parents." "If student day was declared."

## Parked Car Struck

Jack Cochran, 20, of 1808 Madison avenue, reported to police Monday evening that his parked car was struck in the 2400 block of Kilmer drive Saturday night. Harold Harper, 30, of 2408 Kilmer, backed out of his driveway and struck the Cochran auto, police said.

## City Will Seek Aid From Cong. Price On Post Office

With a year of the lease already gone by, Granite City council members agreed Monday night to call upon Cong. Martin Price for assistance at the Washington level in speeding up construction of a new post office building on the city block at 24th street and Madison avenue.

The city received Monday night its official notice from U.S. Post Office Department Bureau of Facilities that all bids received during the summer for lease of a new post office building had been rejected and new bids are to be sought. The building is to be erected with private capital and leased to the government.

Answering queries by the aldermen, City Atty. William Beatty said the city had agreed to lease the north end of the block to the government provided construction of the new post office building was started on a building lease bid accepted and a

contract award made in two years.

Several aldermen speculated the delay would result in expiration of the city-government lease agreement. However, the post office district office at Chicago advised the Press-Record two weeks ago that plans are for new bids to be sought within 30 days.

The letter to the city from Jack E. Grant, acting chief of the post office department, Washington, stated: "Because of a number of legal technical difficulties encountered, we have reached a decision that in the best interests of the government, all bids should be rejected."

"It is our plan to readvertise in the near future . . . and it is our hope to be able to provide your city with a beautiful new post office."

In the meantime, the baseball diamond at the north end of the block, 24th and Iowa street, will be made available to youngsters as a practice field, the council decided.

## Suit Filed To Halt Reported Hirings By Levee Board

A suit charging that the East Side Levee & Sanitary District board of trustees plans to hire additional workers who would be placed on the levee district payroll but who, reportedly, would be political workers in the campaigns of two trustees running for public office was filed in St. Clair county circuit court in Belleville Tuesday.

Filed by East St. Louis Atty. Melvin W. Trotter on behalf of five residents of the levee district, the suit seeks to restrain the hiring of personnel "not necessary for the protection, improvement or repair" of levee district property, and is viewed as the latest development in a political battle between the rival Democratic party factions of East St. Louis Mayor Alvin G. Fields and St. Clair County Supervisor Francis Touchette.

The charges, which state that the district plans to employ some 3000 persons at \$50 each before the April 10 primary elections were labeled as "ridiculous" and politics in nature, by Levee Board President Lawrence Tolar, who also is a candidate for Democratic precinct committeeman in East St. Louis. Trustee Thomas F. "Skip" Hennessy, another candidate in the April primary, is seeking the post of St. Clair and Madison counties Democratic central committeeman. Tolar, Hennessy and John E. Molla are the district's three-trustee majority backed by Francis Touchette, whose brother, Elmer, is a St. Clair county sheriff's office candidate.

All Trustees Named However, all five board trustees, including Dan E. Costello and George Duff, who have the political backing of Mayor Fields, together with Levee Board Clerk Ben F. Day, Treasurer Gerald Kent of Granite City and the district's three attorneys are all named as defendants in the suit.

Tolar called the suit "an old political trick, an attempt to embarrass another agency. You can check and find that most of the plaintiffs are (East St. Louis) city employees," he said.

The trustee president said the district's January payroll was \$38,074 for 23 working days, and

dipped to \$46,595 in February, when there were 20 working days. He also said that wage increases which were recently granted to mechanics, engineers, operators, oilers, laborers, drivers, office employees and supervisory personnel are included.

Currently the district has 189 persons on its payroll, Tolar said, and added that there are no plans to hire additional personnel. "Our payroll records are filed with county judges in Madison and St. Clair counties by the 15th of each month," he said.

Claiming to represent all taxpayers residing in the district are William Walker, Louis Riley and Freda Woodward, all of East St. Louis; and Eddie Ezell and John Wilson, whose addresses were not listed in the petition.

The suit also seeks to restrain the levee board from paying attorneys John J. Hoban, John Sprague and John A. Book, appointed last August by Tolar when the court ruled him the duly elected president of the trustees, for all of 1961. The attorneys' fees have been withheld pending a ruling by the attorney general.

## Levee District Buys Four Pumps, Crane

Purchase of four gasoline-powered pumps was approved last night by the trustees of the East Side Levee & Sanitary District.

The portable pumps, complete with 20 feet of intake hose and 100 feet of discharge hose, will be utilized where needed in the district, and are expected to be especially useful during the approaching spring floods.

They were purchased from Euclid Sales & Service of St. Louis for \$22,994, and payment is to be made in 20 monthly installments.

Also bought from the Euclid firm was a dragline-clamshell combination mobile crane. The price was \$28,837, with payment again to be distributed over a 20-month period.

Trustees Lawrence Tolar, Thomas Hennessy and John Molla were present at last night's regular board meeting in East St. Louis. Absent were Trustees Dan E. Costello and George Duff.

## Report On TV Inspection

The engineer reported that television inspection of the 800-foot section showed the break, an apparent break, cracks along the top of the pipe—some 20 feet long — broken tap-ons, offset tile, open joints and suspected defective tap-ons.

He said it was possible the cracks in the tops of the pipe were due to pressure on the line which is 18 feet underground, and he said the area's water table was seven to eight feet above the line.

Johnston told council members the Power Rodding Co. of Chicago charges \$500 to set up its equipment and \$300 a day to operate the TV camera in the sewer line. He said the inspection of the 800-foot section took one day after the firm had cleared mud and sand from the line. It is possible, he added, that additional cleaning would be needed before the camera could be pulled through the sewer sections slated to be inspected.

Alderman Edmund Bartoslek asked City Atty. Beatty if the city should not take legal steps to determine responsibility for the breaks in the line. Beatty replied that in the past the city had been unable to determine if there had been negligence and that even the hiring of consulting engineers had failed to pinpoint the responsibility. He stressed the burden of proof would be on the city in a court of law.

**PTA BOARD TO MEET**  
The executive board of the Wilson school Parent-Teacher Association will meet tonight at the school.

People find happiness in a great many different ways — some find it just in demanding their rights.

**SAND FILL** being dumped in the sewer break hole in the back yard of the Robert O. Butler home, 3164 Aubrey avenue. The work was carried out yesterday by street department employees, after City Engineer David Johnston recommended to the council Monday night that the large hole be filled to prevent possible damage to the foundation of the house. The hole has enlarged considerably since being discovered early last month, Johnston said.

### Abandoned Grocery Cart Found On Street

Granite City police were sent to the 2800 block of Buxton avenue Tuesday about 10 a.m. where they found an abandoned cart of the type used at self-service markets.

Checking all stores in the vicinity, the investigating officers were unable to locate the owner. The cart was taken to the police station, where it may be claimed by the owner.

#### Select Name For Daughter

Deborah Susan is the name selected by Mr. and Mrs. Robert H. Thomas, 2772a Madison avenue, for their infant daughter, their first child, born Feb. 25 at DePaul Hospital in St. Louis.

The baby weighed seven pounds, four ounces.

#### Charges Filed

A 16-year-old girl, who police say was a passenger in an auto, has been turned over to Coordinated Youth Services after filing a false accident report Monday. Police then filed charges of careless driving and operating a motor vehicle without a license against Marietta Cross, 33, of 2328 West 24th street, reporting she had struck a parked car in the 2100 block of Lee avenue. The parked auto belonged to Fred A. Hartline, 22, of Murphyboro. She was released to return at a later date for a hearing.

#### New Tower Installed

A new air-conditioner tower was installed yesterday, replacing an older one at the Reese Drug Store building, 1322 Niedringhaus avenue. A large mobile crane, was used to hoist the tower to the building's roof, where the air-conditioning unit is located, and traffic on Edison avenue was blocked for a few minutes.

#### Given Jail Sentence

Charles E. Weidner, 19, of 217 Weber street, Venice, was sentenced to 14 days in the county jail at Edwardsville Monday by Venice Police Magistrate Wesley Edwards on a charge of driving after his license had been revoked. He was arrested Sunday.

## Homemakers Discuss Annual Meeting In May

Mrs. Mary Knecht, assistant home advisor, gave the major lesson on "Low Calorie Desserts" at a monthly meeting of the Trio unit, Madison County Homemakers Extension Association, Tuesday afternoon in the home of Mrs. Robert Brue, Rural Route One.

A dessert luncheon, which preceded the meeting, consisted of desserts prepared by Mrs. Knecht and her subject lesson. She spoke on the monetary advantages of using powdered and canned milk in desserts, as well as the low calories in them.

Mrs. Ed Schilling, unit chairman, opened the meeting by reading a poem, and roll call was answered by members reporting on the low calorie desserts they prepared.

The chairman announced that the Farm Bureau luncheon will be held April 25 in Edwardsville, and that members serving will be Mrs. Lawrence Markham, Mrs. Harold Tapp, Mrs. John Moser, Mrs. Eugene Short and the chairman.

Mrs. Schilling announced that the October annual meeting has been changed to May. She appointed Mrs. Markham, Mrs. Robert Miller and Mrs. Gerald Lux to a decorating committee to work in conjunction with the decorating committee of the Isabel Beyer and Granite City units. While the date of the meeting is uncertain, she reported it will be held at St. John United Church of Christ.

Mrs. Brue, leader of the 58ers 4-H club, reported that she is helping to organize two new 4-H clubs in this area. The health lesson "Ice Water for Burns" and "Sight Thief" was given by Mrs. Rapp and Mrs. Clara Harbin closed the meeting with prayer.

Others attending were William Branding, Mrs. Charles Guth, Mrs. Erwin Schaefer, Mrs. Clara Schilling, Mrs. Charles Buenger, Mrs. Arthur Roman, Mrs. Ronald Weiss, Mrs. James Lux and two guests, Mrs. Mildred Buenger and Mrs. Amelia Wilkoff.

Mrs. Clara Buenger will be the next hostess April 3 in her home on Route One.

### MISS RUSSELL LEAVE FOR CALIFORNIA

Miss Nina and Agnes Russell of Santa Cruz, Calif., who have been visiting friends here, left Tuesday for their home.

Mr. and Mrs. Emil Mueller of Edwardsville, at whose home they were guests during a part of their stay, gave a farewell party in their honor Monday evening.

MRS. ROBERT J. KENNEDY, the former Sierra Beth Erb, a daughter of Mr. and Mrs. Clifford Erb, Marissa, Ill., who was married Saturday at St. Elizabeth Catholic Church in this city.

## Homemakers Unit Plans Craft Day Fete Next City

The Granite City Unit of the Illinois Homemakers Extension Federation held a monthly meeting Wednesday afternoon at Niedringhaus Memorial Methodist Church.

Mrs. Genevieve Hill, chairman, conducted the meeting and announced a Craft Day for April 2 in Edwardsville from 10 a.m. to 3 p.m. A training school for nominating committees also will be held in Edwardsville March 21 from 1 to 3 p.m.

March 22 will be drapery day, and on March 27 the Granite City Unit will hold a homecoming day at the home of Mrs. Ann Fare on Lydia lane, beginning at 10 a.m.

The major lesson, "Low Calorie Refreshments For Entertainment" was presented by Mrs. Mary Knecht, assistant home advisor, and the selected lesson on "The Art of Listening" was given by Mrs. Ann Tucker. Mrs. Ann Fare, who had the health lesson, was given the "Leadership" article.

A dessert luncheon was served by the hostesses, Mrs. Freddy McElroy, Mrs. Bonnie Lazenby and Mrs. Betty Weston to 20 members and two guests, Mrs. Alice Walker and Mrs. Knecht.

## Club Plans For 1962 Guest Night

A hobby auction and guest night were planned by the Junior Macerons at a monthly meeting Monday evening. Mrs. Jean Knox was the hostess in her home, 2608 Indiana avenue.

Mrs. Jean Kelahan, president, presided at the meeting and appointed Mrs. Shirley Thompson to be chairman of the decorating committee for the club's annual "guest night," which will be held March 27 at the Rose Bowl. Mrs. Kelahan also announced that a hobby auction will be held at the next meeting and that each member is to bring a handmade gift.

A financial report was given by Mrs. Mary Lee Lorton and also reported that the club has donated to the required list of projects and is now a 100% club. Each member, at Monday evening's meeting, donated the price of a loaf of bread to go to a Latin America scholarship fund.

Mrs. Cy Corbin asked that the members turn in their canceled stamps by March 15 for a "stamp project" which provides stamps for wounded veterans.

A short talk on "Care" was given by Mrs. Nadine Brumleve, who explained the workings of the project and told why it is in existence.

A late dessert course was served by Mrs. Knox to Mrs. Kelahan, Mrs. Lorton, Mrs. Thompson, Mrs. Corbin, Mrs. Dolores Yates, Mrs. Pat Shanta, Mrs. Vera Sage, Mrs. Rose Flaherty, Mrs. Doris Pokarik, Mrs. Dorothy Brower, Mrs. Helen Toncoff, Mrs. Catherine DeWitt and Mrs. Mary Brackett.

The society will meet April 3 at the home of Mrs. DeWitt, 1536 Lindell blvd.

## Esther Circle Meets At Church

The Esther Circle of Niedringhaus Memorial Church, the quilting group, met Wednesday afternoon at the church.

Mrs. John Tate led the devotional service and Miss Anna Plato gave the third chapter of the study book, "Edge of the Edge."

Mrs. Clara Dawdy presided at the meeting which was attended by 15 members, and 15 sick calls were reported. The program ended with a prayer circle.

The hostesses, Mrs. Ethel Roulard and Mrs. Winifred Reimers, served refreshments to the group.

## Elkettes Elect Mrs. Schuster As President

Officers for the coming year were elected Tuesday evening at a monthly meeting of the Elkettes.

They are Mrs. Ruth Schuster, president; Mrs. Helen Todoroff, vice-president; Mrs. Marion Wilcox, recording secretary; Mrs. Euphie Tarris, corresponding secretary; Mrs. Martha Baker, treasurer; Mrs. Arline Jones, chaplain; and Mrs. Dorothy Sheppard, guard.

Named to the board of trustees were Mrs. Ella Wade, retiring president, Mrs. Edith Ryan, Mrs. Helen Presley and Mrs. Adelle Marshall.

Mrs. Wade conducted the meeting which was attended by 41 members including one new member, Mrs. Helen Pregel, and a guest, Mrs. A. J. Cassidy of Zanesville, O.

Refreshments were served and St. Patrick's decorations were used. The serving committee consisted of Mrs. Louise Sedlack, Mrs. Marge O'Neill, Mrs. Dorothy Copeland and Mrs. Ann Gasparovic.

Prizes in the games were awarded to Mrs. Baker, Mrs. Pregel, Mrs. Todoroff, Mrs. Presley, Mrs. Mildred Jungels, Mrs. Helen Todd, Mrs. Schuster, Mrs. Essie May Jones, Mrs. Laverne Duffer and Mrs. Edith Cassidy.

The newly-elected officers are to be installed at the April meeting.

## Local Group Attends Diocesan Council Meeting

Local Catholic women were in Shepherd, Ill., Wednesday afternoon to attend a meeting of the Diocesan Council of Catholic Women held at St. Nicholas Church.

## Private Drainage Problems

### Engineer Advice By City To Be Made Available

City aid to Nameoki area residents with drainage problems on private property should be limited to engineering advice, Alderman Estlin Von Schmittou, chairman of the Street and Alley committee, recommended to the council Monday night.

His suggestion was accepted by the council, when Schmittou pointed out the problems apparently were created in the vicinity of Clark avenue and Terrace lane and in the 3400 block of Lydia lane by persons who had hauled dirt and raised their front yards.

Schmittou said he and members of his committee had inspected the locations listed last week by Alderman Ford Johnson. "I don't think the city is responsible to do any work on solving the problem, but we could offer the services of the city engineer in pinpointing locations of catchbasins and manholes and likely locations for ditches or drainage lines on the private property to be installed by the property owners themselves."

**State To Inspect Corner**  
The chairman told council members a state highway division engineer is to visit Granite

City in the near future to inspect the 20th street and Madison avenue intersection for dangerous conditions.

At last week's council session it was pointed out that north-bound trucks making right turn off Madison avenue were forced to turn sharply because of the median strip and that back wheels were going over the narrow sidewalk at the corner, endangering pedestrians.

Schmittou said the state engineer was delayed in getting here because of a death in his family but that the inspection was promised for the near future to solve the problem. Several aidmen made suggestions for a special turn lane, removal of the median for a suitable distance back or relocating the sidewalk to make more space for the truck turns.

City Atty. William Beatty was instructed to write to railroad officials asking them to repair crossings at Niedringhaus avenue, 19th, 20th and 22nd streets and West Pontoon road. He told council members that railroad officials, in response to an earlier letter, had said the repairs would be carried out when they permit.

In answer to another request made last week for a sidewalk to be installed between rails at a crossing on 21st street near Granite City Steel Company's North Plant, Schmittou said he had conferred with company officials and they had agreed to do the job.

Approved was a low bid of \$64 by Superior Auto Body Shop to repair the auto of James Grissom, damaged by a city street grader during the January ice and snow clearance program. Alderman Frank Vesel explained the grader skidded on ice into the parked car, damaging the left side.

#### Tender, Launch Operators Examinations Are Open

An Army Board of U.S. Civil Service examination for tender and launch operators is now open, and forms needed to file for the examination are available from Daryl B. Few at the main post office, Granite City.

A current motorboat license for 15-ton diesel or gasoline driven vessels on inland waters is required. Pay scales are \$3.33 for tender operators and \$2.59 for launch operators. Successful applicants will be assigned to dredging operations in the St. Louis area.

## Art Project Planned For Girl Scouts Here

An art project was among plans outlined for the Quad-City area Girl Scouts by the Program Services Committee of the River Bluffs Council at their recent meeting here.

The council-wide competition entitled "Picture Your Home Frontiers" will be judged in this area on April 28, with the final exhibit on May 5.

The four top winners in the exhibit, open to all Girl Scouts from Brownie to Senior rank, will attend the senior roundup at Batten Bay, VI, this summer.

All pictures are to represent activities, people and things typical of a particular local or community. Media to be used for the pictures, which will be done by the girls themselves, are: paintings in oil, tempera or water color; prints in block or etching; photographs in black and white or color (not transparent); and drawings in charcoal, pencil, crayon, chalk or scratchboard.

Members of the committee, headed by Mrs. Theodore Schaefer of Edwardsville, are: Mrs. Lody P. Milkovich, 1708 Bremen avenue, Mrs. Kenneth McKinney, 3818 Nameoki road, Mrs. Paul Hodson, East St. Louis, Mrs. Willis Lovejoy, Alton, and Mrs. Fred Moore, Belleville.

## C. of C. Board To Submit Sewerage Resolution To City

The Tri-Cities Chamber of Commerce board of directors met Tuesday at 6 p.m. and authorized President Paul H. Lichtenberger to present a resolution to the mayor and city council of Granite City concerning the sewerage and drainage question. The resolution will be made public Monday.

Sewerage and Drainage Committee Chairman G. W. Hoelcher reported he and C. of C. Executive Secretary Harlan D. Dobry and Donald W. Parney, met with Charles R. Farris, director of St. Louis land clearance authority, an expert on urban renewal. Farris told them sewer work financed by the city could qualify Granite City for \$20,000,000 or more financial aid from the U.S. government's urban renewal program.

The Industrial Development Committee, headed by C. E. Townsend, met yesterday on a St. Louis public relations firm to agree on a format for a C. of C. brochure, in an effort to attract more industries to the area. Civic Improvement Committee spokesman Lichtenberger said the U.S. government had rejected all bids on the proposed Granite City post office project, and said he had talked with Congressman Melvin Baker about future plans.

Chester L. Baker, reporting for the Membership Committee, presented two new members. They were William F. Nichols of the Nichols Net and Twine Co., secured by Charles A. Meyer, and Wilbert Engle, an independent farmer secured by chamber President Lichtenberger.

A schedule for the final three hearings of the Madison County Planning Commission concerning Nameoki, Venice and Chouteau townships, was outlined by Planning and Zoning Committee Chairman E. G. Schmitt. He urged all interested residents to attend.

Another resolution, the 11th endorsing land use and zoning plans for unincorporated areas, was received from Beta Sigma Phi sorority chairman, Miss Sadie E. Hagopian.

The Transportation and Highway committee reported a hearing on the State Route 3 improvement project will be held at 2 p.m. today at the YMCA. The committee will attend.

Lichtenberger was instructed to write Gov. Otto Kernan commending his and State Director of Revenue Theodore Isaacs for their part in the Tri-State cooperative effort on sales and use taxes.

Announced, also, was a new secretary on the C. of C. staff, Miss Gloria Dienicki, met 1961 graduate of Granite City high school.

During the next decade, some \$50 billion will be spent on civilian and military space programs in the United States.

## Dressel-Young Gets Ice Cream Contract

Dressel-Young Dairy Co. of Granite City has been awarded a contract for the supply of its product to the St. Louis area. The contract was awarded to the company by the St. Louis area ice cream dispensing mobile units, Master Softice Co., Ill. L. Miller, president of Master Softice of the Mississippi Valley, Inc.

Dressel-Young, one of the pioneers of ice cream in this area, has been in business for 40 years. The company's major ice cream-making facilities include Dairy Queen stores, McDonald Drive-in restaurants, hotels and employee cafeterias.

The local firm distributes a complete line of dairy products in addition to ice cream mix. Since the acquisition of two other dairy firms in recent years, the local dairy has become the largest in this area.

Dressel-Young is operated by John L. Dressel, son of the founder, who took over management of the firm four years ago. Since that time a gross sales volume of \$1 1/2 million has about doubled.

## Blood Donors Sought For Mrs. Elmer Wagner

Request for volunteer blood donors for his wife, Mrs. Elmer Wagner, 59, was made today by Elmer Wagner, 2317 Waterman avenue, who said she already has transfusions requiring 55 pints of blood and 13 additional pints are needed.

Wagner, a milling machine operator at General Steel Industries, Inc., said his wife recently underwent surgery at Jewish Hospital, St. Louis, for a liver ailment and has been in and out of the hospital for the last six months. She re-entered for surgery about three weeks ago.

Because she works during the day, Wagner is asking volunteer donors to notify his wife's cousin, Mrs. Helmut Unger, 2824 Fortune drive, TR. 6-8300, who will be able to give information on making arrangements with the blood bank at Jewish Hospital.

Wagner said the 55 pints already required by his wife has exhausted all sources known to him.

## Overweight Truck

James E. Wideman, 29, a Valley Park, Mo., trucker, was arrested at Market street and Madison avenue, Madison, at 9:25 a.m. today and charged with operating an overweight truck on Second street, which is restricted. He was released on bond to appear for a hearing later.

## Parking Lot Mishap

Harry Adamson, 42, of 2709 Ralph street, told police at 8 a.m. today that he was pulling out of the A&P parking lot, 2036 Madison avenue, when he struck a parked car belonging to William Frazier, of 2532 Lincoln avenue.

## SOCCEYS

### UPW Lenten Services Set On Wednesdays

The United Presbyterian Women's of First United Presbyterian Church held the March meeting Tuesday evening at the church, 222 street and Delmar avenue. Mrs. George Hoelcher presided over the meeting attended by 35 members and after the opening hymn, with accompaniment by Mrs. E. J. Wade, devotion on the topic, "Love One Another" were given and the missionaries of the day were remembered in prayer by Mrs. Malcolm Thompson.

Reports of the secretary and treasurer, Mrs. Henry George and Mrs. R. N. Johnston, were given, and Mrs. James Spinks, a member of the Quad-City Council of Church Women, announced the World Day of Prayer service to be held at the church Friday evening.

Lenten devotional services also will be held each Wednesday from 12:30 until 1 p.m. for members of the UPW. Mrs. Henry Nyboer, of the Ecumenical Committee, read a letter from James Wade, of the church, requesting aid in missionary fields in Korea and the group voted to respond to the appeal.

Announcement was made of the spring Presbyterian meeting April 25, the Vacation church school set for Aug. 6-17, and for the all-day study of the book "The Apostles" on March 29.

The regular meeting of Circle Seven will be held March 15. Circles One through Four will meet on the morning of March 20. Circle Five on the same afternoon, and Circle Six will hold an evening program.

### Garden Study Club Installs Newly-Elected Officers

Officers for the ensuing year were installed Wednesday afternoon at a meeting of the Garden Study Club in the home of Mrs. Holo Grewell, 3801 Nameoki road.

The officers are Mrs. H. T. Lewis, president; Mrs. Luella Kenderling, vice-president; Mrs. W. G. Cooley, recording secretary; Mrs. Eugene Short, corresponding secretary; and Mrs. C. E. Eades, treasurer. The impressive ceremony was conducted by Mrs. John Lehman who presented each of the new officers with daffodil corsages.

Mrs. William Stafford of East St. Louis, the recently installed director of District Five, Garden Clubs of Illinois, was present and addressed the club briefly.

The program for the afternoon was dispensed with, due to the lengthy business meeting, and a dessert course was served to 15 of the guests.

Mrs. D. W. Houston, 2221 Waterman avenue, will entertain the club at the next meeting April 4.

### Sorority Sets Date For Founders Day Program

Beta Psi Chapter of Beta Sigma Phi sorority held a meeting Tuesday evening in the home of Mrs. Roberta Miller with Miss Jane Davis as co-hostess.

The group decided to hold meetings on the first and third Tuesday evenings during Lent, instead of on Wednesday. Mrs. Nancy Duckworth was in charge and there was a discussion of the Area Convention to be held in Granite City April 8. Further plans were made for the evening.

Mrs. Jackie Harshberger, Mrs. Jo Ann Kaler and Mrs. Carol Metz were named by Mrs. Duckworth to serve on the committee arranging a Founders Day program for April 30. They will meet with committees from other local chapters.

After adjourning, Mrs. Catherine Michel of the Michel Gift Shop entertained the group with a talk and demonstration on crystals.

The hostess served a dessert course to those entertained and to Mrs. Mary Herman, Mrs. Joyce Warnhoff, Mrs. Marilyn Harris, Mrs. Carol Allen and Miss Sally Cooley.

### St. Patrick Theme For Meeting Of Sorority

A St. Pat's party for Eta Alumnae Chapter of the Phi Tau Omega sorority was given Tuesday night by Mrs. June Dreyer and Mrs. Betty Harris at Tony's restaurant.

Twenty-two were present, including guests, Mrs. Clara Parker and Mrs. Dorothy Costello, and the tables were resplendent with green. The decorations were shamrocks, top hats, clay pipes and green mugs, all in keeping with the Irish theme. Lenten refreshments were served and were awarded to Mesdames Bernice Grzesek, Melba Tarpoft, Irene Cook, Marjorie Leow, LaVerne LaRose, Rosalie Thelma Grisham, Ann Little and Irene Louis, Delmar avenue, who are hostesses at the April 4th meeting.

### War One Vets And Auxiliary Plan Dinner

A joint meeting of Barracks 34 Veterans of World War One and Auxiliary was held Tuesday evening at the VFW hall with Charles Hutchins, commander, and Mrs. Estella McBrian, president, in charge.

The barracks is planning a dinner to be held at the Simon Gussard May 26, Nick Wiltzen, of Chicago, department commander, will be the dinner speaker and prospective members are especially invited.

Mrs. Zelma Hart, auxiliary hospital chairman, announced a party for veterans of the Alton State Hospital to be held in the near future and refreshments were served to approximately 50 members of the two groups by Mrs. Hart and Mrs. McBrian, hostesses.

### Gift Exchange At Class Meeting

The Lydian Class of First Baptist Church met Tuesday evening at the church, 21st street and Delmar avenue.

Eleven members responded to roll call and Mrs. Elinor Stagner, president, conducted the business session.

Mrs. Ruby Foster was the devotional leader and after the program the secret pass exchanged gifts and refreshments were served by Mrs. Gladys Hagan and Mrs. Myrtle Howell. Mrs. Vivian Mitchell is teacher of the group.

### Hospital Project Planned By Circle

Ann Judson Circle of Third Baptist Church met Tuesday evening in the home of Mrs. Minnie Craig, 2314 Iowa street. Plans were discussed for making scrap books for children in hospital wards, and the program was given by Mrs. Pauline Grayfield, Mrs. Allie Smith and Mrs. Helen Carrington, all of whom had topics pertaining to the lesson.

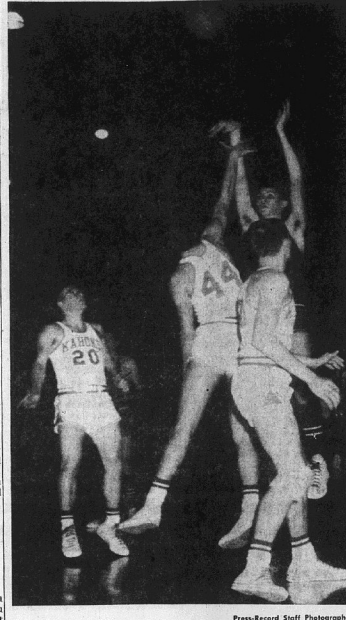

Others to whom refreshments were served were Mrs. Golda Riley, Mrs. Leola Holston, Mrs. Ruth Hopkins, Mrs. Lorene Sherley and Mrs. Alma Garrard.

### Get Together Club Meets

Mrs. Charles Knecht, 2103 Marley avenue, was hostess to the Get Together club Wednesday afternoon.

Games followed the noon luncheon and awards were made to Mrs. Cliff Halbert, Mrs. Walter Doht and Mrs. Conrad Moeller. Mrs. Moeller will entertain the group April 4 at her home, 2253 Grand avenue.

RISING OUT of a pack of Collinsville defenders, Granite City's George Moore gets off a jump shot during the Warrior-Kahok first round regional game Tuesday night at Wood River. Collinsville defenders are Than Byrkit (20), Ron Motin (14) and Joe Brennan. The Kahoks eliminated GCHS 66-40, and will meet Lincoln of Venice in a semifinal game tonight.

## ICC Denies Motion To Dismiss Rate Request

A motion to dismiss the East St. Louis & Interurban Water Company's request for a higher rate schedule was denied by the Illinois Commerce Commission today, clearing the way for continuance of hearings on the matter.

The Monsanto Chemical Corp. and a group of area industries and other large water users had asked that the request be dismissed on grounds that it was less than two years since the last ICC ruling affecting the water company, and that an appeal on that action is still pending.

Next hearing on the request is set for April 3 at the ICC office in Springfield. A request by the city of Belleville and the St. Clair County Water Consumers' Association that hearings be held in Belleville is pending.

# INSURANCE CO.'S TAKE LOSS!

**Underwriters Salvage Co. of Chicago Offers Huge Smoke and Soot Damaged Stock to Fredman Bros. At Fraction of Original Wholesale Cost for Fast Disposal!!**

SAVINGS THAT SEEM INCREDIBLE!  
YOU MUST SEE TO BELIEVE!

**NO MONEY DOWN!  
MAKE YOUR OWN TERMS!**

**Underwriters Ask Fredman Bros. To Dispose of Smoke Damaged Stock**

Underwriters Salvage of Chicago asked Fredman Bros. to take over and dispose of huge furniture, appliance and carpet stock received in fire insurance claim. Felt only Fredman Bros. with 15 outlets could dispose of vast stock.

Hundreds of Other Items Not Listed. All items subject to prior sale. All sales final. Because of nature of sale there can be no returns or cancellations.

**Underwriters Allow Fredman Bros. To Dispose of Gigantic Stock At As Much As 50% Below Original Dealers' Wholesale Costs!**

INSURANCE COMPANIES ABSORB MAJOR LOSS. Fredman Bros. agreed to dispose of this giant smoke and soot damaged stock only if it could be offered at such ridiculously low prices as to guarantee its immediate and rapid disposal so that this stock would not have to be mixed with the regular inventory. Underwriters agreed and the insurance companies are taking the loss. SOOT IS THE ONLY MAJOR FAULT OF MOST OF THE STOCK. We have picked the pieces whose only damage is soot and these CAN BE CLEANED. We have added a great deal of our own PERFECT merchandise to this stock at reduced prices so as to balance out the Distress Stock.

YOU'VE SEEN BARGAINS BEFORE AND YOU HAVE EVEN SEEN MERCHANDISE PRICED 50% BELOW REGULAR RETAIL PRICES, BUT WE DOUBT YOU HAVE EVER SEEN PRICES AT 50% BELOW ORIGINAL DEALERS' WHOLESALE COST — COME IN — SEE FOR YOURSELF.

In his area would be zoned agricultural and that the only restrictions would be setback lines. When he adjourned the hearing, Mrs. Lewis rose and said she would like to take a vote of those present. She called out and was greeted by a shout of "No's." A man shouted from the back of the meeting room, "Didn't give us a chance to vote on it. Pretty low down, I think."

As commission members were assembling their materials and preparing to leave, a group described as including several farmers moved to the door and stood in front of it. "Adjourn the meeting in a proper way, Mr. Butler. Ask for a motion and a second," one of the men told him.

**Debate March 17**  
A short time later Supervisor Thomas Harris of Foster township invited Southern Illinois University Community Development personnel to make a presentation on the merits of zoning.

He said Gene H. Graves, coordinator of the department, would be in charge of the debate at 7 p.m. March 17 in the Postersburg town hall.

Another proponent and opponent may be added and questions from the audience will be accepted, Harris added.

**Livingston Hearing**  
A group estimated at 75 to 100 met at the Livingston town hall Monday afternoon, with less than 10 speaking. At the end, Mrs. Lewis asked for a vote on zoning and received a reply from most of those present.

Butler had explained that the commission had no authority relating to passage of the ordinance or authority to conduct discussions of zoning merits. Roy Strawn of Standard Oil Co. was placed under oath and requested that the intersection of U.S. 66 and Livingston-Alhambra road be zoned for business instead of agriculture.

William Klotz of Olive township reported that about \$300,000 has been spent on zoning and Alton May, County Board zoning committee chairman, placed the figure at \$40,000.

"Tony Denartini, Olive farmer, asked if he would be prevented from giving land to his son for use as a residence. May said subdividing is contrary to state statute but that land can be divided the first time with no permit expenses."

**Assaults University**  
Harold Hosto, Troy businessman, charged that the meeting was "padded with people from Southern Illinois University" and blamed SIU for the zoning proposal. A Livingston man urged a direct vote by the people on zoning, and Gus Engelage of Olive asked who had "instigated zoning."

When a Livingston woman complained that people were not well enough informed on zoning, Butler pointed to a scrapbook of "over 1500 columns" of newspaper articles and said, "After the hearing, Graves distributed 20 copies of the proposed ordinance which members of the audience had requested. It was learned late this morning that no final decision had been reached on whether to proceed with next week's hearings. They are scheduled at 1 p.m. Monday at the American Legion building, 300 North Duncan street, Marine 18, in the court of Madison county on a dependency petition filed on behalf of six young children of a Madison family, it was learned today from county juvenile probation officers.

The six have been placed in a temporary foster home upon granting of a temporary order by County Judge Michael Kinney. They were removed March 2 from a residence on Edwardsville road after they were found there without adult supervision. There was no fire in a stove, and the smaller children were barefooted and crying.

The house which was being rented for \$45 a week was filthy and had a strong odor. Empty liquor bottles, tin cans and bits of food were scattered on the floor. The parents are separated and the father works during the day. One of his sons is crippled as a result of an accident with a cotton machine 22 years ago. "I have no misgivings about the county taking my children," he related in a statement to Madison police. "Like any father, I was not anxious to lose my children, but I knew that the conditions at my home were not proper."

**Parked Car Struck**  
Wally Boyd, 2140 Delmar avenue, told police yesterday at 2 p.m. that he backed into a parked car in the 200 block of Grand avenue causing minor damage.

3 Charged With  
Store Burglary;  
Home Entered

Burglary charges were filed against three youths in Venice this week, and investigations relating to other burglaries are continuing in Madison and Venice. This week's reports included a \$400 house burglary and looting of a clubhouse.

Burglary of a large house was filed by Venice police Tuesday against three youths charged with burglarizing the Rosenstern grocery, 1100 Calhoun street, Feb. 9. Waiting preliminary hearings, they were bound over to the county grand jury and released on bonds of \$1000 each.

George W. Leonard, 18, of 839 Mercedia street, Timothy L. Leonard, 17, of 1012 W. 10th street, and Wayne L. Manon, 16, of 172 Viola Jones Homes, were charged with burglarizing the Rosenstern grocery, 1100 Calhoun street, Feb. 9. Waiting preliminary hearings, they were bound over to the county grand jury and released on bonds of \$1000 each.

Steelworkers And  
Council Disagree  
On Candidates

Disagreement over the endorsement of candidates for state representative and state senator nominations in the primary election by the Tri-City Central Trades and Labor Council was voiced this week by the United Steelworkers of America Council following a meeting at the LaBelle Temple of 12 delegates representing 25 local unions.

The Steelworkers' Officers' Council expressed concern that the endorsement of a candidate in violation of the rules which specifically govern the question of endorsements, issued a press release stating that a candidate for state senator other than Paul Simon had been endorsed by the Granite City Central Body.

The Steelworkers' Officers' Council stated in a news release from the local sub-district office.

The Steelworkers' Officers' Council on the nominations for the Democratic ballot endorsed Monday night follows endorsement by the Illinois State AFL-CIO.

One of the trucks, including the roof and the installation of rollers and channel guides to handle the portable cartridges. The engineering staff of the Fire and Apparatus Co., Freeburg, from which the pump had been ordered, redesign the body of the truck to fit the department's needs.

One major problem was still to be conquered. A loaded cartridge weighs about 1300 pounds. A suitable means of lifting a pump to the level of the department's needs.

In an effort to effect economy, a hand operated lever system was tried, but failed. An expensive hydraulic system was needed.

In 10 Days On  
Housing Project

A tentative starting date of Monday, March 19, has been set for construction of 100 apartments for the elderly at a site on the block east of Kirtpatrick Homes, it was announced at a monthly meeting of the Granite City Housing Authority Tuesday night.

Sub-contractors remain to be named by the Practical Construction Co., Detroit, general contractor for the \$808,381 project, and the list requires the approval of the Housing Authority and Public Housing Authority.

A performance bond has been filed, but insurance policies have not yet been received.

It has not been learned when the site of the project will be brought to the site. Eighteen one-story brick apartment buildings and a structure house will be built.

Seaman Robert S. Krug of Granite City recently left the USS Suffolk County, Va., aboard the tank landing ship USS Suffolk County, Va., to participate in a two-month tour of duty at the Naval Air Station, Balboa, Calif.

Seaman Krug is the son of Mr. and Mrs. John C. Krug Sr., 2323 Denver street.

On Feb. 24, after installation of a new electrically-driven hydraulic pump and cylinder, the mechanism lifted over 1300 pounds of dead weight. The system was a success.

Deputy Mayor and Mayor Lee this again met with Mayor Lee, this time to discuss the city's water and sewerage system.

Mudge To Support  
Shaver For Office

An endorsement for Russell Shaver in his bid for Democratic nomination for the office of county superintendent of schools was made by State Atty. Dick H. Mudge during a meeting at the Y.M.C.A. last night. It was reported today by B. C. Gitch, who presided.

Mudge said a number of volunteers have pledged support to Shaver, and that he wished to help him, pointing out Shaver was the only person in the court house who did machine politics, and he publicly supported Mudge in his own campaign for the state's attorney office.

Addressing the 60 volunteers at the meeting, Shaver said he followed the dictionary definition of a politician being a person seeking a political office.

"I am seeking political office and therefore do not deny that I am a politician as my opponent does."

Shaver said he will award scholarships on merit without political favoritism.

Jaycees Drop Price  
On 'Shop GC' Coupons

Among plans discussed at the Granite City Junior Chamber of Commerce meeting last night was a reduction in price of the Jaycees "Shop Granite City" coupon book from \$2.50 to \$1. The coupons, good for over \$165 in merchandise and services from Granite City merchants, are redeemable through March 31, and may be purchased at Graham's Book Store, Nidringhaus and Delmar avenues, and Excelsior-Lauder Laundries and Dry Cleaners, 1911 Johnson road, as well as from any Jaycee.

# 2 Quad-City Girls On ISNU Dean's List

Illinois State Normal University announced this week that two students from the Quad-Cities have been admitted to the "Dean's List" for the first semester of 1961-62. This is a list of students with grades no lower than B.

Honored were Karen Hordesky, 18, daughter of Mr. and Mrs. John Hordesky, of 2917 Wayne avenue, a freshman, and Nina Purdes, 20, daughter of Mr. and Mrs. Andrew Purdes of 1630 Sixth street, Madison, Miss. Purdes, a senior, attends the university on a teaching scholarship, and will begin student teaching in Springfield when she graduates next August.

# Fallout Shelter Survey Must Be Done By April 12

Inspection of Quad-City area buildings that meet requirements as possible fallout shelters in case a nuclear attack must be completed by April 12, members of Granite City's new Civil Defense advisory board were told at their first meeting Monday night.

John T. Vohs, representing Homer L. Chastain & Associates, Decatur engineering firm surveying 14 Illinois counties, told the 18-man board that minimum specifications for shelters include 500 square feet, 6 1/2 foot headroom, and a safety factor of 20. This size shelter would serve 30 people.

The inspections will be made with the cooperation and assistance of public officials, fire and police departments. Vohs explained. Each inspector will be provided with credentials. Entry to buildings will be on a voluntary basis with consent of the owners, but no single-family dwellings will be inspected and the minimum 50-person capacity automatically eliminates their use.

The safety factor of 20 is a relative figure, it was brought out during the discussion, and depends upon the size and type of nuclear weapon, as well as the point of drop. An ordinary brick basement, without modification, would have a comparable protection factor of up to 50; with elementary improvements, the factor could rise to 100.

No Blast Protection  
Vohs emphasized that only fallout protection is being considered in the current survey since survival in the bomb blast area itself, while possible, would be impractical for masses of people.

Building inspection reports are to be in by July from all over the nation and will then be processed by computers to determine which structures would be designated as shelters. Public as well as private buildings will be listed. Vohs said with particular attention given to those areas with large numbers of people, such as schools, industries, etc.

Victor Koenig, Civil Defense director, said the fallout shelter program is designed to offer a degree of safety to 10% of the population, about 4,000 in Granite City. Public shelters would be in addition to individual home shelters. One advantage of group survival units, he added, is that there can be organized and trained leadership available in them.

In anticipation of federal supplies for fallout shelters, Koenig said he has made contacts to secure 4,000 cubic feet of warehouse space where the equipment, such as water cans, etc., can be stored until moved to the group shelters as they are established.

Just how the cost of group shelters will be borne is not yet known, but it appears certain that there will be federal participation. It is equally certain, Vohs said, that only very few structures will meet specifications without some refinements to seal openings.

The Civil Defense advisory board, Koenig told the members, will meet from time to time to consider problems and questions of public concern that are related to the activities of the Granite City organization.

# Area Birthrate Slumps, Decline In Deaths

The birthrate in the Quad-City area in February reached the lowest point since 1952, according to vital statistics compiled by L. Stevens, city clerk in Granite City.

Statistics show 86 births, three stillbirths and 28 deaths for the month. This is 20 fewer births than were recorded in January, while the death rate is less than 86% of the average.

Average statistics over a 10-year period for February are 106.4 births, 18 stillbirths and 32.7 deaths.

# Madison Tavern Partner Reprimanded After Fine

A reprimand was issued by Madison Mayor Stephen Maerz Monday afternoon to Jerry Cook, 29, of 1200 Grand avenue, partner in the Jolly Mill tavern at that address. Cook had been fined \$50 two days earlier on charges of drunkenness, disorderly conduct and discharging an automatic pistol while alone at the tavern Feb. 26.

Mayor Maerz, city liquor commissioner, said he admonished the licensee but plans no further disciplinary action unless there is a future violation. He said Cook plans to avoid drinking in the future.

One of the bullets entered a jukebox machine in the tavern and another went through a front window of the Palchro grocery at 1201 Grand avenue. A chair was thrown through a plate glass window of the tavern, landing on the sidewalk. Two other windows were broken and there was damage to bottles, chairs and a telephone receiver.

# County Building Permits \$849,900 Last Month

Building permits issued by the county in February totaled \$849,900, the highest value of new construction set at \$849,900, according to an announcement made this week at Edwardsville by Charles J. Erspermer, county building official.

Of the total permits issued, 30 were for residences, three for additions and six for commercial structures. Value of the buildings was \$170,000; additions, \$170,000; and commercial, \$37,000. Permit fees collected by the county totaled \$913.

# Three Plead Guilty To Conduct Charges

William Stover, 20, of 2716 Roosevelt street; John King, 21, of 2725 Harding blvd.; and Mickey Gargie, 20, of 2947 Rock road, pleaded guilty before Police Magistrate Gasparovic Tuesday morning to disorderly conduct charges and were fined \$50 each plus court costs.

Stover also pleaded guilty to improper display of state license plates and was fined \$6 including costs. The trio was arrested at 18th street and Delmar avenue Monday at 10:30 p.m. All were released upon payment of their fines.

# Ministerial Association To Start Radio Series

Beginning Sunday, March 11, at 9:15 to 9:30 a.m. the Quad-City Ministerial Association will present a program to be known as "The Quad-City Pulpit" each Sunday over radio station WGN.

The speaker Sunday will be Rev. Robert Batty, First Church of the Nazarene, 2400 East 25th, he said.

Of public concern that are related to the activities of the Granite City organization.

# Bridge Traffic Sets New Mark For February

McKinley Bridge traffic set a new record last month with 352,216 vehicles and a 12,582 daily average, a monthly report by Bridge Manager Henry McNett last August.

Included were 89,523 crossings Feb. 1-7, 89,520 Feb. 8-14, 89,527 Feb. 15-21 and 84,027 Feb. 22-28.

Previous February totals were 285,339 in 1961, 345,905 in 1960 and 284,824 in 1959. The city of Venice purchased the bridge Nov. 21, 1958.

The 89,523 vehicles counted in the second week of February compare with the high of 92,068 reached Dec. 1-7, 1961. Top monthly figures are the 394,657 total and 12,751 daily average last August.

Cheap new. Expensive used.

For be it from us to belittle gasoline economy. (After all, we were slightly involved with starting the whole idea.) But time has brought a subtle twist.

Volkswagen economy has become legendary, people will pay all kinds of money for a used one. (Even though a new one costs only \$1688.00.)

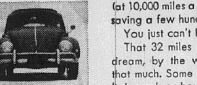

So go itself isn't the VW's most economical factor any more. Low depreciation is.

You can get more of your money back for a VW when you sell it than you can for any other car. But that's not the whole story.

The VW's reputation for steering clear of repair shops hasn't hurt any. Or the fact that VW owners are rarely in a never change the VW to make it obsolete, only to make it better.

Fact is a five-year-old VW brings as much in today's market as many five-year-old cars that cost twice as much new.

Just because gas economy comes in second, let's not forget it. Day after day, it adds up. Figure 32 miles to the gallon

Big wheels save rubber. VW tire crosses yellow line, painted at exactly 40,000th mile. Shows plenty of good rubber left.

at 10,000 miles a year! and you wind up saving a few hundred dollars. You just can't help it. That 32 miles per gallon is no pipe dream, by the way, most people get that much. Some even more. Some less. It depends on how and where you drive.

Then there's oil. The VW engine runs with so little friction, you'll probably never add oil between changes.

And you won't add water at all, the VW's engine is air-cooled. No leaky hoses, no draining, no rust. (No anti-freeze, either.)

You don't usually think that tires have much to do with economy. But then you don't usually get 40,000 miles (or more) on a set.

Each VW tire bears so little weight, tire wear is phenomenally low! That much mileage is that much money in the bank. And not at all unusual.

Now figure the 10% you save on insurance and remember that, by and large, VWs need less maintenance than other cars, and you get an idea why they're in such demand.

New and used alike. Some people are tempted to go economy-happy with their first VW and figure their costs down to fractions of a penny.

It makes a great talking point. But it's only half the reason for driving a Volkswagen. The other half?

Fun. OVERSEAS DELIVERY AVAILABLE

The following items were taken from the files of the Granite City Press-Record

March 11, 1937  
Hugh Lyons, a contract worker for Granite City and East St. Louis, said Tuesday night he is serving notice on officials of the American Steel Foundries plants in Granite City and East St. Louis that a majority of the men employed in each of the plants have joined the Amalgamated Association of Iron, Steel and Tin Workers and that the organization desires to confer with plant officials as the collective bargaining agent of the men in the union.

Public improvements occupied most of the time of the Madison village board meeting Tuesday evening, with definite action being taken on one project, bid called for on another, and a third referred to the board for final improvements for recommendation at the next meeting.

The project disposed of was the letting of a contract for material to build several blocks of concrete combination curb and gutter in Newport, County B. The bidders were the successful bidders on the approximately \$900 worth of material required. The work will be done by WPA and is scheduled to start March 22.

Efforts of the shoe repairmen of the Tri-Cities to organize the trade into a union, which have been under way for more than a year culminated last night in the perfection of an organization when a number of men met at the shoe shop of Harry Lillenthal on Edison avenue, elected officers, and adopted by-laws to govern the new local.

Employment of a full-time secretary for the Associated Retailers was proposed at the regular monthly meeting last night and a definite plan will be drawn up for later consideration.

For the past few years, the retailers have employed a part-time secretary, but the one who spoke on the suggestion last night felt that there is enough work now to justify regular employment.

Two more Granite City industries this week announced 10-cent-an-hour wage increases for all shop employees, an eight-hour day and 40-hour week, and one week's vacation with pay to all who have worked there for a year or longer.

The pay increases will affect a total of 4450 men in the Commonwealth Division of the General Steel Castings Corp. and the American Steel Foundries. There are 2300 men employed at the Commonwealth plant and 1550 at the General Steel plant.

Members of the Granite City Business and Professional Women's Club will observe the 10th National Business Women's Week from March 14 to 20 inclusive.

Miss Ruth Squires, president of the local club, will deliver two radio addresses next week. The highlight of the week's program will be a dinner meeting Tuesday night at the Madison Temple.

City clinics in Madison county who issued death and birth certificates during the past year will receive \$1042, according to County Clerk Norbert Hoff. Altan heads the list with \$1386, while Granite City has \$224.

## Your Governor Reports

by OTTO KERNER

I am deeply disturbed that since 1935 the state of Illinois has lost most of its identity. I need not elaborate on what this means to our economy, to our business, our farms, our commerce and our workers.

One of its most horrible aspects is the continued demand for the assistance rolls and the unemployment compensation program, costing states that Illinois can ill afford. One of our most urgent needs is to reverse this trend.

Studies indicate that a major way of providing new jobs is through expansion of foreign trade. Illinois now is a leading state in exports and if our activity in this field is not enlarged and increased, it would go a long way toward providing the jobs and dollars that our economy needs if it is to function at a prosperous level.

Trade Expansion Because our economic future depends on our abilities to create more jobs, I am giving my unequivocal support to President Kennedy's trade expansion program.

To give emphasis to the importance of this program in Illinois, I have created a Committee on Trade Expansion. The committee, headed by the Hon. Charles W. Anderson, of Inland Steel Co., has agreed to serve as honorary chairman of the committee of our country and the free world.

William Blackie, president of the WPA, said that the project disposed of was the letting of a contract for material to build several blocks of concrete combination curb and gutter in Newport, County B. The bidders were the successful bidders on the approximately \$900 worth of material required. The work will be done by WPA and is scheduled to start March 22.

## Long Pollution-Drainage Delay Could Force City Into Costly Or Inadequate Program

Time is becoming an element in Granite City pollution-drainage planning, due to impending state action. It is important that the time be made to work on the side of the public, not against it by forcing the city into an expensive or inadequate program.

As noted here previously, the basic proposal offers citywide sewerage and storm water and sanitary sewers; elimination of sewer back-up into homes and businesses; treatment of all sanitary sewage at a cost \$1,700,000 less than is possible with the obsolete combined system; adequate drainage for storm water; and elimination of effluent back-up and overflow in the Nameoki sanitary sewer area during rains, contaminating streets, yards and the open drainage ditches.

Under an alternate proposal, less drainage relief would be provided. The plan would remain a menace to health and property. Many here would pay higher monthly fees than under the city program, and the local government would lose much of its ability to guide Granite City's future. Urban renewal advantages also would be lost, thereby reducing federal funds available for street and other improvements here at a time when many cities are obtaining grants.

In spite of statements by Alderman Norn questioning whether levee district aid has been committed, there were repeated and firm assurances of participation in the neighborhood. The \$800,000, with \$1,500,000 described as the absolute minimum. It was on these statements that the citizens' committee based its recommendations. Every city official should be working to restore the promised aid, if it actually is in doubt. Whether using it as a weapon to try to destroy the whole program.

President Tolar said at a monthly levee board meeting last Sept. 6 that aid of at least \$1,000,000 would be given. At the district's pollution abatement report meeting Oct. 5, he said he hoped the district could provide \$2,000,000. At a meeting of board members and levee engineers with the officers of the citizens' committee, Oct. 9, Tolar gave assurance of aid totaling \$1,500,000 to \$1,750,000.

Viewed from some future date, the real test of whether Granite City's mayor-council government system can best provide for the benefit of the public may well be traced to 1962 and the city's No. 1 need: pollution-drainage action.

## Rural Power Loan Abuses Could Lead To End Of REA

"Using government low-interest-cost money for the financial benefit of private individuals was not contemplated by Congress in the case of the R.F.C.," Cong. Michel of Peoria says in the Congressional Record in recalling the demise of the Re-

construction Finance Corporation and citing similar abuses by the Rural Electrification Administration. Unless current REA practices are curbed, it could face the same end as many previous three-letter agencies.

Established to help industry regain its footing during the depression of the 1930s, the RFC ran into difficulty when it began extending low-interest loans to "promoters of plush cocktail lounges and motels," the Congressmen noted. The REA has just provided \$30,000 at low interest for use at an Illinois ski resort.

## Large Motel Will Be An Asset To Entire Area

The large motel hotel to be built on Bypass 66 at Sunset Hill will be an asset to the Quad-City area, which has been without adequate facilities for district conventions and "visiting firemen." Plans call for four private banquet rooms and more than 150 motel rooms, plus a swimming pool.

Due to the Illinois Metropolitan Area's growth and the development of a major state highway, the Holiday Inn organization's decision to locate here appears sound. It should be a mutually agreeable relationship, for this motel chain is one of the most outstanding in the nation.

## Even The Statistics On Alcohol Are Staggering

We have always been fascinated by the steady flow of figures from Springfield, particularly by the staggering statistics on liquor gallonage tax collections.

Doing some figuring of our own, based on the December 1961 report, we note that each man, woman and child in the state, on the average, drank one and a half gallons of beer and a fifth of whisky during that month. Omitting the children, just to everything legal, even larger consumption statistics result.

We do not know if it had anything to do with the fact that beer accounted for 84% of the \$1,370,749 gallons collected, but the state tax figured out at only six cents a gallon for that beverage, compared to 22 cents for wine with 14% or less alcohol, 60 cents for over-14% wine and \$1.52 for "alcohol and spirits." Only 10% of the total, but whiskey produced two-thirds of the month's \$4 million tax revenue from intoxicants.

Getting back to the data on every man, woman and child—make that some men and some women—the listing of so many millions of gallons still seems staggering in every sense of the word. Maybe this is partly because we are not used to thinking of alcohol in gallon-size terms.

## Ranks Of Veterans Of Indian Wars Dwindling With Passing Years

Nostalgic recollections of the past are evoked by news that the ranks of veterans of Indian wars have dwindled from 105,000 to only 28. Along with Spanish-American war veterans—both conflicts came to an end in 1898—the Indian fighters have reached advanced age. However, judging by the longevity of Civil War veterans, who only recently passed from the scene, the men of '98 will be with us many more years.

Though there were fierce fighting in the last four decades of the 19th century against such tribes as the Sioux, Chippewas, Apaches, Utes and Comanches, official records show only 1000 soldiers killed in combat during this period. This is in marked contrast to the death toll of most U. S. wars both before and since then.

Illinois' lone survivor of the Indian battles, Frederick Franks, 88, Chicago, is a younger counterpart to the state's oldest veteran, Charles St. Mane, Danville. A veteran of the Spanish-American war, he will be 103 years old March 17.

## State Capital News

A total of 493,556 persons were reported living on Illinois farms as of April 1, 1961, according to information in the Annual Farm Census report, released by the U.S.D.A. Illinois Cooperative Crop Service.

This averages out to 3.5% persons for each farm. Population figures from the deep red areas were unobtainable by assessors at the time the census was taken.

Statistics cited in the new report show that over a third of Illinois farm lands was devoted to the growing of corn in 1960, six per cent more than in 1959. Soybeans, the second largest Illinois crop, occupied 16 percent of the state's farm acreage. The combined acreage devoted to corn and beans accounted for over half of the farm land use, while small grains, hay and other crops, accounted for about 20 per cent.

Gov. Otto Kerner has announced that he has, by Executive Order, designated the Springfield "Poet Laureate of Illinois."

In notifying Sandburg, who lives at Flat Rock, N. C., of his selection, Gov. Kerner wrote that "this only confirms the deep reverence and affection the people of Illinois have long held for you. I am certain I could issue no order that would be accepted more readily or observed more obediently in the hearts of Illinois' more than 10 million citizens."

Gov. Otto Kerner in remarks to the Highland Park Chamber of Commerce earlier this week said he would not address the people in the world and rising standards of living, especially in Europe, expansion of trade and commerce, and the both small and large Illinois companies.

"Illinois, even though it is the

## SPACE FLIGHT INSPIRES PRIDE, PATRIOTISM

To the Editor: Thank God there are not many people in this wonderful country of ours with such closed, narrow minds. Of course, our space program costs money. Nothing worth while is ever cheap.

In the last few days I have gained personally, and witnessed in fellow Americans, renewed pride and patriotism such as I never thought possible before the flight.

Col. John Glenn is a great hero who has shown us that this country that it cannot help but touch all hearts. Medical and scientific information is already piling up and will benefit all human beings.

Frankly, I cannot understand how the few dollars it costs every wage-earner can mean more than this great step forward. There are not many that feel the way that this man does (March 1 Forum writer).

GAIL GARCIA  
2432 Central street  
To the Editor: Various governments, making their influence felt by following the line. They changed money systems, replacing gold with paper, causing sovereign nations to over-inflate themselves.

Some countries hung on only by their power of confiscation. One must ask "When will it end?" When will the world erupt into a cataclysm of utter ruin and chaos, ending the world as we know it? According to the plan, until the cycle is complete and redemption is achieved, then the leaders of Bolshevism will proclaim themselves your ruler and mount the throne of the world to rule over the public.

JOSEPH D. WETTON  
2945 Oregon street  
ALL SHOULD GIVE THANKS TO GOD To the Editor: Churches nowadays are doing everything they can to get families to see themselves as they would be seen if God should call them today.

To anyone who gives you a present, do you say "Thanks?" Every day, thank God for what you have—food, clothes, a home, children, oil, coal, gas, electricity.

God has power to destroy the world, but if people humble themselves and pray and turn from their wicked ways, He will forgive their sins and heal their hearts. Jesus said, "Thou shalt love the Lord thy God with all thy heart, with all thy soul, mind and body."

The story is told of the angels sent to earth to collect for God. Angels who went to receive their wicked ways. He will forgive their sins and heal their hearts. Jesus said, "Thou shalt love the Lord thy God with all thy heart, with all thy soul, mind and body."

When you open your eyes on a new day, do you ever say, "Thank you, God?" PRaises HOSPITAL STAFF FOR UNDERSTANDING, CHEER, THOUGHTFULNESS To the Editor:

I want to take the liberty of using the Forum to extend my heartfelt thanks and deepest appreciation to all the staff connected with the first floor at St. Elizabeth Hospital.

The entire staff, from the housekeeper to the floor supervisor, are all deserving of a mention in my book for their understanding and sympathy. I was just recently discharged, after spending four weeks there. I must say that my stay, although confining, was made much shorter and more pleasant by the thoughtfulness and cheer spread by these good people.

I know that my words alone cannot begin to express my thanks. FORMER PATIENT

It was announced last fall, when it seemed likely that Sen. James O. Monroe would not elect to continue his long and distinguished service to his district in the Upper House of the Legislature.

### KNOWN FAMILY NEEDS

It was prompted by the new ruling that Judges, who are attorneys, may not continue to practice law while serving on the bench. Pat has SIX youngsters to feed, clothe and educate. For this he will need all the professional earnings he can secure, as does any other father. So he announced his candidacy for Senator, did not shop around for other offices and then fall back on this one when other bids failed.

### RESPONSIBLE

He can approach with proper respect for the interests of the district and its people, as well as the Democratic Party whose nomination he seeks.

### HANDICAP? or ASSET?

This may be a Handicap, to have a local viewpoint, rather than that obtained from

the loftier plane of International and National affairs. Or, it may really be an Asset . . . to be able to think in terms of this Central Illinois area; to consider the problems of the people of his home community; to speak for them on the state level; and to represent their interests, rather than exploit visionary conjectures.

### RESPECTS HIS PEOPLE'S VIEWS

It is his pledge to the people of the district that he will spend his time in the community; and in Springfield during legislative sessions; that his door will always be open for consideration of local matters which the people of his district want to discuss with him; and that he will serve this district with modesty, humility and respect for the judgment of the people rather than that of his personal ambition and presumption.

## Chapter 650 Past Matrons Plan Dinner

Plans for the annual past matrons and past patrons dinner party to be held March 31 at the Smorgasbord were made Monday evening at a monthly meeting of the Past Matrons Club of Granite Chapter 650, Order of Eastern Star, in the home of Mrs. Clara Smith, 2302 Benton street.

Also discussed was a sausage and pancake supper March 22 at the Masonic Temple. Mrs. Blanche Leichter, president, was in charge at the meeting which was attended by 13 members, and a guest, Mrs. Kathryn Edmonds, worthy matron.

After discussing business the ladies devoted the remainder of the evening to games and awards were made to Mrs. Edmonds, Mrs. Garnet Kelso and Mrs. Kathryn Roman.

The next regular meeting of the club will be held April 2 in the home of Mrs. Roman on Rural Route One.

## Secretary Group Plans Hat Sale

Final plans are being made by the Tri-Cities Chapter of the National Secretaries Association for the first major money-making project of the organization since the installation last September.

Doris Robinson and Esther Rensing are serving as co-chairmen of a hat sale to take place Saturday from 8 a.m. to 12 noon in the Washington Theatre lobby. Hats, available in an assortment of colors and styles, will sell for \$3.98 each.

Committees in charge are Jane Davis, Arlene Noll and Donna Farrington, publicity; Betty Mae Gilen Davidson, cashiers; Shirley Schwendemann, Charlene Vunovic, Shirley Henderson, table arrangements; and Jeanette Tritan and Esther Rensing, picture sales.

## PLEDGE SOCIAL ORGANIZATIONS

## Madison County ISNU Meeting Here March 20

The annual spring meeting of the Madison County ISNU Club will be held at Granite City on Tuesday, March 20.

Scheduled for 7 p.m. at the Walter F. Coolidge junior high school, the meeting is open to alumni and friends of Illinois State Normal University as well as to parents of students from this area now attending the university.

Accepting reservations is Robert E. Moske, 2809 Fortune drive.

Featured speaker will be Harry O. Jackson, assistant professor in biological sciences at ISNU. His illustrated, talk titled "The Thiga Trail," concerns plant and animal relationships that prevail in the subarctic spruce forests of Alaska. Material for the talk as well as the slides to be shown were obtained during a combined study and vacation trip to Alaska last summer.

Currently serving as officers of the Madison County ISNU Club are Mr. Moske, president; Robert Bower of 3720 Berkeley, Alton, vice-president; Miss Joan Edwards of 2460 Henry, Alton, secretary.

### Troop 280 Girl Scouts Promoted To 1st Class

Twelve members of Girl Scout Troop 280, who first entered the movement as Brownies in the second grade at Nameoki school, have completed requirements for first class rank, and have been promoted. The line replacement is designed to eliminate excavations on Madison avenue. The firm also was given a permit for an excavation at 24th and Center streets to install a new gas main.

Requirements for promotion from second class included the completing of work on 10 merit badges, consisting of four to five badges from out-of-doors categories and the remainder from 11 other interest fields.

The new first class Girl Scouters are Nancy Herman, Karen Moss, Kathleen McCalla, Sharon Waggoner, Marie Greve, Sandra Brown, Judy Phillips, Christina Louis, Barbara Love, Sheila Coughlin, Cathy Foles and Sharon Koch. Leaders are Mrs. Margaret McCalla and Mrs. Shirley Brown.

### Excavation Permits

Permission was granted Illinois Power Co. to install new gas mains in the alleys on either side of Madison avenue between 27th and 24th streets to replace a line now under Madison avenue. The action was taken at Monday night's Granite City council meeting. The line replacement is designed to eliminate excavations on Madison avenue. The firm also was given a permit for an excavation at 24th and Center streets to install a new gas main.

## Salvation Army Post Spent \$27,834 In 1961

The local Salvation Army post had expenses totaling \$27,834 in 1961, according to an annual report prepared by Capt. Mildred Walker, commander of the post. Disbursements included \$8958 in salaries for Salvation Army employees; \$4728 for building rental, property upkeep and utilities; \$3339 for communications, transportation and administration; \$10,786 for services and activities. There was cash balance of \$3367 and petty cash on hand of \$25.

Income for the 1961 operating budget totaled \$31,801, the bulk of which, \$19,898, came as a United Fund allocation, of which the Salvation Army here is a member agency.

Other income totaled \$1370 in donations, \$4082 from the "Tree of Lights," \$3578 in miscellaneous gifts and refunds and a cash balance of \$903.

Christmas seasonal activities resulted in the gathering and

preparation of foodstuffs for 380 food baskets. Toys and gifts given through the SA community toy shop numbered 760, and a total of 1420 persons received food at Christmas through the program.

Combined attendance at all youth activities sponsored by the SA in 1961 totaled 9086. The post also conducted 20 street services for adults, 190 indoor services and activities and totaled 447 hours of visitation and counseling, according to Capt. Walker's report.

The post aided 269 families in 1961 with emergency grocery orders, shoes, bedding, clothing and furniture, and provided food lodging or transportation to 333 transient persons.

Capt. Walker emphasized that although the Salvation Army plans to continue its programs of materialistic help and aid to persons in need, the basic purpose of the organization will remain spiritual in nature.

## GC Township Bills Of \$7539 Approved

Township disbursements amounting to \$7539, including \$6767 for relief and \$772 for town purposes were approved Monday night by Granite City. The bills were presented by the town board of auditors.

The \$6767 general assistance expenditures consisted of \$3068 for food, \$7 for clothing, \$505 for rent, \$159 for medical care, \$38 for utilities, \$824 for fuel and the following administrative expenses: \$300 half-month salaries for two office workers, \$75 office rent, \$45 for janitor service, \$29 for utilities and \$8 cents for supplies.

Town fund disbursements included \$862 for half-month salaries for the supervisor, assessor and chief deputy assessor; \$75 rent, \$16 for janitor service and \$40 for utilities for the assessor. \$2 for maps and \$8 for supplies.

## Teacher Certificate Exam Set For March 16

Wilbur R. L. Trimpe, county superintendent of schools, announced today an examination for teachers' certificates will be given in Edwardsville in the county superintendent's office in the court house on Friday, March 16, beginning at 9 a.m.

Applicants who wish to take the examination must have 60 semester hours of training, including six hours in professional education from a recognized college or university. They also must present a letter from the State Teacher Certification Board stating they are eligible to take the exam.

Examinations also can be taken at this time on the Constitution of the United States and the state of Illinois.

Applicants who wish to write the examination should notify the office of the county superintendent in Edwardsville by March 9 so that enough sets of questions may be ordered, Trimpe said.

## Tornado Small But Destructive Storm

(Second of a series) The tornado in one of the smallest—and most dangerous—of all of nature's storms, study by Dr. Frank D. Hughes of Southern Illinois University has shown. Tornadoes occur any hour of the day or night, but mostly happen during the warmest parts of the day. Forty-three percent, in fact, occur between three and seven p.m., and 82% between noon and midnight. From four to six p.m., are the particular hours to watch; 23% strike during this period.

Unfortunately, it is not possible to predict the exact spot where a tornado will hit. A tornado is often erratic, even skipping one house and hitting the next. Tornado "weather" consists of hot, sticky days with southerly winds and a threatening, ominous sky.

Warning Signs You should be on your guard, in fact, if:

• The weather is abnormally warm, humid, muggy and still.

• Clouds appear to be colliding from right-angle directions, or clouds at different heights are moving in different directions.

• Hail or large raindrops start to fall and an approaching south-west cloud has little "tails" trailing from it.

• The wind suddenly freshens. Listen for a roar "like a thousand trains."

An hour or two before the tornado, there usually appears a chaotic, ragged sky of clouds which crazily bulge down instead of up. To the west and north-west, great thunderstorms are about to be approaching. The color is a sickly greenish-black, and lower clouds are generally visible in rapid and confused motion. Out of the base of such a cloud a rope-like funnel cloud reaches toward the earth while spinning counter-clockwise.

15 Minutes' Notice In the case of thunderstorms, Dr. Bridges says, there is usually a warning of 15 minutes. As the storm approaches, lightning will be visible. When thunder is heard clearly, the storm is not far away. When the storm is two to five minutes away, a low black cloud will be seen and a change in wind direction will occur as this cloud passes over.

If you observe a potentially destructive storm, phone the civil defense office in your area, the police or sheriff. Be brief, but tell them the type of storm, exact location, time seen, intensity, and speed and direction of movement.

An example of the part of all of us play in protecting all others was a call some years back from a woman living near Oran, Mo., who phoned a television station and reported a tornado moving toward Chaffee.

Three minutes after the alert was broadcast, the storm hit the town and caused considerable damage — but no deaths and only a few injuries.

Serves On Destroyer U.S. Navy fireman apprentice William D. Madison Jr., son of Mrs. Elizabeth Jones of 203 Terry street, Madison, is serving aboard the radar picket destroyer USS Furse. Operating as a unit of the sixth fleet in the Mediterranean, the Furse is scheduled to return to her home port of Charleston, S.C., later this year.

## Scouts Will Collect Used Goods Saturday

Boy Scouts, cubs and explorers totaling 3571 in the Cahokia Mounds Council, who delivered Goodwill bags to thousands of their neighbors last weekend, will spend Saturday morning collecting the filled bags for transportation to the Goodwill Industries plant, 4140 Forest Park blvd., St. Louis.

The scouts also are asking neighbors who did not receive a special "good turn" bag to fill boxes or grocery bags with their discards to help the scouts in providing employment for the handicapped at Goodwill.

The nearly 500 crippled and disabled workers come from all over southern Missouri and Illinois and are citizens of various communities on both sides of the river that make up the metropolitan area. Their jobs are dependent on the amount of discarded clothing, shoes and household goods contributed by residents of this area.

In restoring a household discard to usefulness, the disabled worker develops a skill that emphasizes his abilities rather than his disabilities. Council Executive Eugene Cox reports. The money realized from the sale of the restored item in a service store pays the wages that make Goodwill employees contributors to the community, rather than dependent upon it.

Dan Brown has endorsed the "good turn" drive as an opportunity for Quad-City Scouts to perform a needed service for people less fortunate than themselves, giving them not charity but the paid employment that means independence and personal dignity.

# Be sure your next home has this seal of approval

Whether you're building a new home or planning to buy an older home, be sure your next home is modern electrically. And the sure way to know is to look for the Adequate Wiring Seal of approval. It's usually displayed near the fuse box.

The Adequate Wiring Seal is not given away loosely... it has to be earned. It tells you the home has plenty of convenience outlets for today's and tomorrow's appliances... that you can enjoy your electrical servants without the nuisance of blown fuses... and with no more need to overload outlets and stretch extension cords.

Incidentally, you don't have to wait for your next home to enjoy the convenience of modern wiring. Your electrical contractor can modernize the wiring in your present home right now at surprisingly low cost. You'll be living better—electrically—and be dollars ahead when you sell.

## Council Rejects Changes In One-Way Traffic

Adhering strictly to aldermanic courtesy, Granite City council members voted down first reading proposals for two of three traffic control ordinances submitted Monday night by the Traffic committee headed by Alderman Charles Meyer.

Rejected were changes in the one-way system on Benton street, Cleveland bld. and Grand avenue, and placed on first reading was a proposed parking restriction ordinance for the 2400 block of Adams street.

"That's in my wheel," Alderman Emil Von Schmitt remarked when Meyer read the proposal to open Grand avenue to two-way traffic between 18th street and Niedringhaus avenue, where it now is restricted to one-way, northbound.

**To Eliminate Bottleneck**  
Meyer pointed out traffic counts for State street in the downtown district showed relief was needed to eliminate a bottleneck. He said the removals and extensions of one-way traffic on Benton and Cleveland were proposed to move traffic more efficiently at the 27th and Benton streets intersection.

Schmitt argued he had talked to a number of Grand avenue residents since learning of the proposed changes, and they were against it. Alderman Rufus LeMaster presented the same argument concerning Benton street.

**Concern For Motorist**  
With an indication the two proposals would be voted down, Meyer pointed to the city engineers in traffic matters. "I'm one of the motorists and I know how he gets around in the downtown district, especially on Friday evenings. The banks could adjust their reopening hour from 4 o'clock to 3 p.m. and help out by not keeping on the streets the many workers who get off at three."

"We need Grand avenue open to two-way traffic for those three blocks," Meyer continued, "to give motorists an opportunity to avoid State street."

## Jr. HS Orchestra To Give Concert Tonight

The director of the all-city junior high school orchestra, Dean Duncan, said today the program for the tonight's concert at 8 o'clock in Central junior high school auditorium will feature classical and popular music.

Sections by the 50-member orchestra will be "Cerebral March" by Muller, "The Halls of

Ivy" by Knight, "Little Baroque Suite" by Kirnberger, "Songs of Romance" (medley), "The Young Prince and the Young Princess" from Scheherazade by Rimsky-Korsakov, "Santuzza" by Wilbur and "Huckleberry Finn Takes a Walk" by Brown.

"The program will close with Barnes' 'Fiddlers' utilizing the orchestra's 37 strings. No admission will be charged.

## Meter Revenue Up \$254 For February

Receipts from Granite City parking meters showed an increase of \$254 for February over the January total.

Over time parking fines last month amounted to \$305 compared to the January total of \$60. Parking revenue in February was \$3270, an average of \$142.19 per day. January's total income was \$2761 for a daily average of \$106.21.

Granite City has received \$8032 from parking revenue for the first two months of 1962 showing a drop of \$382 from the same period last year.

February revenue was the highest since the peak year of 1954, when \$3825 was collected. Of this, \$422 was from meters, \$403 being added from fines.

## Financial Reports For Sewers On Display

Financial reports for the sewer special accounts for the first two months of 1962 were presented to the Granite City council Monday night and after being accepted were referred to the comptroller to place on public display in his office at the city hall.

A breakdown showing total receipts and disbursements and account balances on Feb. 28 follows:

## Special Education Is Topic For GC Kiwanis

Granite City school's Director of Special Education Harold Thomas outlined the local program of special education for Granite City Kiwanis Club members who met Monday evening at the 2288 Club.

"Special education is not special—just good educational policy," Thomas said, pointing out it expands school programs. The "homebound" program, for example, is concerned with pupils who are ill for four weeks or more, he explained. For this, a full-time teacher and four or five teachers instruct children in their homes.

Another service is the education of the mentally handicapped. To aid in this, two psychologists are now employed by the school district. Speech therapy is still another branch, in which four teachers help 75 students each month.

Nursing also comes under the special education department. School nurses conduct a throat-culture program in the Quad-Cities that is the only one of its kind in the nation, Thomas said.

Cultures taken from school children are checked by Grover Norwood, of the Granite City high school biology department, for streptococci, a species of which can lead to rheumatic heart disease. Norwood, assisted by biology students, completes data for all pupils with the exception of those of McKinley school, whose cultures are sent to the laboratory at St. Elizabeth Hospital.

Another aspect of the program, which is state-supported, is the transportation of handicapped students to and from school.

A guest at the dinner meeting was Donald Stucke, local real estate salesman.

## Sharp Drop In Nameoki Township Relief Cases

A sharp drop in relief cases during February for Nameoki township was reported this week from the office of Supervisor Harry Briggs. The decline was attributed to assistance being given under the federal program of aid to dependent children of unemployed fathers.

During February, the township reported 54 cases with 177 persons and costs of \$403.1, down from 72 cases with 274 individuals and costs of \$849 during January.

The February 1961 totals were — 87 cases, 332 persons and costs of \$716.8.

## February Locks Traffic Nears Two Million Tons

Following last year's script, February traffic at the local Chain of Rocks Canal Locks 27 eased toward that coveted two million mark. Last month's freight totaled 1,983,634 tons according to a report received today from the U. S. Army District Corps of Engineers office in St. Louis.

In 1961, the two-million ton mark was topped the last nine months but November and December's preview of cold weather made the topping doubtful. When January's freeze set in, the traffic took a decided drop in tonnage and last month's tonnage remained below the favorable mark but was no closer than the March forecast is a bright one.

**Weather Must Hold**  
Last month's totals are far faster than any other February figures. Instead of waiting till April to top the two-million mark, a March record is anticipated if the weather holds north of the Quad-Cities area and the Mississippi River remains navigable.

There were 1148 more vessels, requiring 107 more lockages, that passed through the local locks last month than the previous month. Considered there are three more days in January than February, the increase in traffic is that much more convincing. The total number of vessels using the facilities last month was 2850 and 569 lockages were required to allow passage.

Commercial boats passing through included: 2182 barges, 636 barges, 16 U.S. contractor boats, one private recreational vessel, U.S. government traffic included: seven barges, four towboats and four patrol boats.

Of the total freight listed for February, 1,983,634 was of a commercial nature and 300 tons were in government tons.

A breakdown of the tonnage figures by product for the month of February follows:

Petroleum products—up 332,500, down 243,320; grain—up 5000, down 524,790; coal—up 144,623, down none; cement, sand and gravel—up 5450, down 3090; sulphur—up 58,750, down none; miscellaneous commodities—up 389,049, down 50,888; iron and steel products—up 19,530, down 104,472; chemicals—up 76,730, down 19,130; and totals—up 1,031,684, down 951,670.

**City Bills, Salaries Total \$49,524**

Bills and half-month salaries totaling \$49,524 were approved Monday night by Granite City council members. The weekly bill amounted to \$10,545, and the payroll was \$38,979.

Included in the bill list were expenditures of \$1750 for maintenance and fuel for city equipment, \$1224 paid to East St. Louis & Interurban Water Co. for monthly rental on 334 fire hydrants, \$1703 paid to Illinois Power Co. for street lighting and other services, \$2564 as the city's share of employee retirement paid to the Illinois Municipal Retirement fund.

A final payment of \$45 to City Building Inspector Earl Bloomquist for inspections carried out prior to be placed on salary Feb. 15 also was approved, along with payment of \$67 to Grand Cafe for meals served to city jail prisoners during the past month. Paid to Missouri Baptist Hospital was \$131 for medical care for Supt. of Streets William Warfield, who was injured in a traffic accident last December.

Allowances on the bill 114 were \$30 for Alderman Edmund Bartness, \$154 for Mayor Davis, and \$30 for Alderman Mrs. Gabrielle Betine.

## Davis To Veto Return To Three Regular Sessions

Despite a flat statement by Mayor Davis that he would veto an ordinance re-establishing a regular council session on the fourth Monday of the month, aldermen passed it by a vote of 12-4 Monday night.

Mayor Davis pointed out he wanted to adhere to the Southern Illinois University government study recommendation for the fourth Monday to give residents of the community an opportunity to appear before city council committees without the formality of having to appear before the entire council.

The mayor stressed the "personal angle" for individual residents with complaints or ideas to present to the city. "I still think the SIU idea is right, and the use of the fourth Monday for committee sessions would benefit the city more, once the council becomes aware it affords an opportunity for them to express their views."

Alderman Donald Parney, who requested the change a week earlier, said he proposed it to eliminate the complaint sessions on the first and third Mondays of each month.

In the 12-4 vote, the mayor was supported in his stand by Aldermen Rufus LeMaster, Charles Meyer, Steve Basarich and Ford Johnson.

After the roll call, the mayor said his veto would be in the hands of the city clerk within the required five-day period.

**Teachers For Deaf Children Needed**

Under Public Law 87-276, three million dollars to be used over a two-year period has been appropriated by the federal government to help alleviate the critical shortage of teachers for the deaf.

Students wishing to enter the field of teaching deaf children have been urged by George T. Wilkins, Illinois superintendent of public instruction, to apply for federal scholarships and grants-in-aid available as the result of federal legislation which was signed by President Kennedy in September.

There are between 35,000 and 38,000 deaf school children in the United States, according to Supt. Wilkins and several hundred teachers are needed.

"Illinois is no exception in this serious need of qualified teachers of the deaf," Wilkins said. "In some areas," he continued, "classes have had to close and in others, program improvement has been curtailed because no qualified teachers were available."

The fund available for fiscal year ending June 30, 1962, is \$1,178,000. Although it is not known what allocation of the fund will be made to Illinois, applications for the scholarships and aid will be made by the institutions of higher learning to a committee appointed by the U. S. Commissioner of Education.

Interested students should apply for these grants to the college or university of their choice or to: Dr. Clarence D. O'Connor, director of program for training teachers of the deaf, division of state and local school systems, U. S. Office of Education, Washington, D.C.

The following colleges and universities in Illinois offer a curriculum in teacher preparation for teachers of the deaf: DePaul, Chicago Teachers College, DePaul, St. Mary's, Normal, University of Illinois, Northwestern, and the University of Illinois.

**Alldermen Ok 4 Street Lights and for Stop Signs**

Installation of four street lights and for stop signs on Leonard avenue at Buxton avenue were approved Monday night by Granite City aldermen through adoption of ordinances.

The street lights are to be located at Johnson road and Del Rio drive, O'Hare and Elm drives, Frontenac drive and Devon Hill lane and on 20th street, Edwardsville road and Stierman avenue.

**83 Juvenile Cases In Venice In 13 Months**

Eighty-three cases involving juvenile offenders were handled by the Venice police department during 1961 and the final month of 1960, according to an annual report released by Chief Frank DeWitt.

Four of the young offenders were committed to the Illinois Youth Commission, Chief DeWitt said, compared to nine during the first 11 months of 1960. Sixty-seven of the youths were males and 16 were females.

Seventy-nine juveniles were committed during the 13-month period, reporting to officers weekly for three weeks to six months. Twenty-one were committed as a result of acts committed on Halloween night. Three of these are still making restitution for damages.

DeWitt emphasized that no armed robberies or motor vehicle thefts by juvenile offenders were recorded during the period of the report.

The report shows two charged with burglary and larceny, 16 with petty larceny, three with breaking and entering, 21 with police disturbance, 11 with curfew violation, one with criminal threats, two with carrying a concealed weapon, five with trespassing, two with resisting arrest and 14 with disorderly conduct.

## Academic Freedom To Be Topic of SIU Forum

The meaning of academic freedom will be the topic of a public forum to be held at Southern Illinois University's Alton center on Friday.

Open to the public without charge, it will begin at 8 p.m. in the university auditorium, 2909 College avenue.

"The university is traditionally a market place for the examination of all ideas," said Dr. Patrick Riddleberger, associate professor in social sciences and president of the Alton chapter of the American Association of University Professors, sponsor of the forum. "We hope our friends in the community will come and take an active part in the program."

Speakers who will discuss the topic, "The University, the Community and Academic Freedom," include State Rep. Paul Simon of Troy; Dr. Joseph Mayer and Dr. Gerald Runkle of the SIU faculty; Alton Attorney Harold O. Gwillim; and SIU student Frank Gerstenecker of Alton.

Dr. Mayer, a visiting professor in science and technology at the university's Edwardsville Campus, is the author of numerous publications, including seven books. His "Seven Seals of Science," a best seller, was a selection of the Scientific Book of the Month Club. He has been president of the Society of Industrial Engineers and was a senior staff member in a research division at Brookings Institute at Washington, D. C.

Dr. Runkle is associate professor of philosophy at the Edwardsville Campus, and Frank Gerstenecker is a senior at SIU, majoring in government.

Each speaker will make a brief presentation. Then the forum method will be followed with questions from the floor to be addressed to specific panel members.

"We hope by means of this forum to clarify the concept of freedom of discussion in the classroom," Riddleberger said. He emphasized that the public is invited to attend and participate.

## Gerald Broadway Is Nominated by Rotary

Gerald M. Broadway, of General Steel Industries, Inc., Tuesday was nominated for president of the Granite City Rotary Club to succeed Edward Meier. The election will take place later this month.

Other officers nominated are: Glen Abenroth, first vice-president; Edward Meier, second vice-president; Raymond Ruffer, secretary; Muel Anderson, assistant secretary; Charles Gavin, treasurer; Arthur Koepfer, assistant treasurer; William Hoelbeck, sergeant-at-arms; Christ Pascho, assistant sergeant-at-arms.

Delegates nominated are Harold Thomas, Harvey Baile, and Dean Mabery.

Four new members also were inducted by the club, with Rev. David Maxton in charge. They are: Donald Hayes, George Nauze, Earl Kitchoff and Robert Dant.

The club's annual horse show to raise funds for community service projects will not be held this year, but an early start will be made for one to be held in 1963. Last year the show raised about \$2,600.

President Meier announced that the annual Maundy Thursday religious service will be held April 19 at First Presbyterian Church. It will take the place of the usual Tuesday meeting.

## Chest X-Rays At City Hall In GC on June 9

Permission was granted by the Madison County Tuberculosis Association to operate its mobile chest x-ray unit at the city hall on Saturday, June 9, from 9 a.m. to 5 p.m. The request was approved by council members at Monday night's council session.

The unit, financed through the annual sale of Tuberculosis Christmas seals, will be available to all Quad-Cityans for free chest x-rays. It usually is parked on the Nidderingham avenue side of the city hall buildings.

## 50th Birthday Celebration

## Girl Scout's International Dinner Set For Tuesday

"A friendship dinner on a community level with an international flavor," that's how Mrs. Julie D. Bartels, co-chairman with Mrs. Norman Stutz of arrangements, described a next Tuesday, March 12, International Friendship Dinner at St. Peter Evangelical & Reformed Church, 2013 Cleveland blvd., at 6:30 p.m.

Three hundred invitations have been sent to area girl scout leaders to attend the special affair. The dinner will celebrate the Girl Scout's 50th birthday. March 12, and will take place during National Girl Scout week.

Mrs. Bartels explained how the international flavor will be presented. A smorgasbord dinner will be served. No costumes will be worn by the 10 hostesses. The area has been divided up into five neighborhoods with two women from each neighborhood serving as hostesses and co-chairmen of a committee.

Characteristic Dishes. Each neighborhood, in turn, represents a section of the world and leaders from that neighborhood are expected to wear native costumes of the country they represent.

Guest speaker will be Mrs. Margaret Wampler, newly-appointed district advisor to the River Bluffs Girl Scout Council. Mrs. Wampler will outline the new area organization and its benefits.

## Local 7-663 To Hold Strike Vote Friday

Permission for a union to conduct a strike vote in a city street was granted Monday night by Granite City council members. On previous occasions a similar request by Oil, Chemical & Atomic Workers Local 7-663 had been granted.

The vote, it was learned, will be conducted throughout the day tomorrow at the 19th street entrance to the plant.

Union and company officials declined to comment on progress in negotiations underway since late last year under a contract renegotiating clause. The union represents about 400 workers at the plant.

## 94.4% Attendance At Schools In Venice

Students in the Venice schools compiled an overall attendance average of 94.4% during February. Supt. John O. Pier reported to the board of education at its March meeting Monday night.

Best average was maintained by the 330 students at Venice high school, with a percentage of 95.45. Venice elementary was close behind with an attendance of 94.98%, with 321 students enrolled.

The 304 students at Lincoln elementary school compiled a 94.46% record, while Lincoln high school, with 73 students enrolled, maintained a 94.39% attendance mark.

Kindergarten attendance figures were 92.41% for the 53 students at the Venice kindergarten, and 77.3% at Lincoln. The latter had 29 students enrolled.

The schools were in session 21 days during the month.

## State Farm Group Tops One Billion In Assets

The State Farm insurance group passed one billion dollars in assets in late 1961 to become one of only 112 organizations of that size in the U.S. It was noted in a yearly report made public today by the Quad-City agents, Ed Nichols, Michael Tondas, Joseph Haasler and Harry Roy and Gerald Thebeau. The State Farm group has over \$800,000 policies in force.

State Farm Mutual, for 20 years the world's largest auto insurer, began 1962, its 40th anniversary year, with assets of \$728,000,000 after increasing its policies in force by 8.6% or more than a half-million last year, to 6,690,513. Earned premiums and membership fees rose to a record \$510,000,000, surplus was \$253,000,000 and the company settled 2,516,223 claims totaling \$1,231,223,000.

**Can you read your doctor's writing?**

If you've ever tried to understand your doctor's prescription . . . and couldn't . . . don't worry! That's OUR JOB . . . to correctly interpret his orders and accurately and skillfully compound a health-giving medication . . . on them for you.

Certain drugs your doctor prescribes can be damaged by exposure to light . . . can lose their strength and effectiveness. To prevent this, we use Armstrong AMBER bottles . . . they protect your prescription from loss of quality.

Another important feature of our complete prescription service.
